

TWO QUEENS CHOSEN

TERRI LEE BROWNING, 16
Deseronto Centennial Queen

Spring, blossom time, pretty girls—it's the time for festivities and crowning of queens. Two lovely young area girls have been crowned during the past week.

In Prince Edward County last weekend Miss Anna Lynn Walker, 17 of Milford, was crowned Apple Blossom Queen by last year's queen, Elizabeth

Doxsee. Miss Walker's attendants, who were runners-up are Pam Murrell and Mary Lee Handley.

In Deseronto last Thursday night, 16 year old Terri Lee Browning was crowned Centennial Queen by Winter Carnival Queen, Gail Fraser. Miss Browning was chosen from among ten contestants who participated in a contest at Deseronto Public School. All looked lovely, some in short, some in long dresses. Runners-up were Frances Klaver, 15 and Helen Kells, 13.

Miss Browning, who was most excited after the crowning, will officially reign over Deseronto's Centennial Celebrations from June 17th to 20th.

Following the contest, a musical program was enjoyed. A group of public school children trained by Mr. Ralph Lawlor impressed the gathering with their rendition of a selection of patriotic songs, in keeping with the Centennial theme. Two of their songs were entries in the Centennial song contest, one by Mrs. Lawlor (the winner of the contest) and one by Mrs. Don McMillan. Billy Hubble, Chris Reid and Barry Roebuck, (students at the school) sang a song which they had written in co-operation, which was also very well received. Judges of the song contest were Mrs. Bill Higgins and Mrs. Beauchene.

Entries in the Centennial flag contest were on display as well, and a winner was announced. Miss Christine Hunter a student at Deseronto Public School, was judged the winner.

Local man is accident victim

Friends and relatives were shocked by the sudden death of Donald Brant of R. R. # 1 Deseronto, on Saturday night. Mr. Brant, who was apparently walking east on the York road near the Council House, was killed instantly as the result of a collision with a car driven by Frederick David Thomas of Mill Street in Deseronto. He was pronounced dead on arrival at Belleville General Hospital by Coroner Dr. W. S. Baits of Belleville.

The driver of the car who received no injuries, escaped with an estimated \$500, in damages to his late model car.

Mr. Brant's body is resting at White and Morris Funeral Home. Funeral services will be held at 2 p.m. in Christ Church on Thursday, June 3rd, with the Rev. Cyril Betts officiating.

The accident was investigated by Provincial Constable Larry Farrier of the Belleville detachment.

TRENT CONFERS DEGREES
PETERBOROUGH—Undergraduate degrees were conferred Friday (May 28) upon more than 260 students at Trent University's fifth convocation. These, together with two Master of Science degrees and five honorary degrees, were conferred by the Hon. Leslie M. Frost, the University's chancellor.

Honorary degrees were received by Alan Paton, the distinguished South African novelist; Ronald Thom, the master planning architect of Trent; Gilbert Bagnani, professor of ancient history at Trent and emeritus professor of classics at the University of Toronto; Donald James LeRoy, vice-president (scientific) of the National Research Council; George P. Grant, author of Lament for a Nation and professor of religion at McMaster University.

From the Napanee area, Lesley Meloyia Larby Jones, and Eric Rae McGreen were among the graduates.

WINNERS

Our subscription campaign ended Monday, May 31st, 5:00 p.m. and we congratulate the winners.

Grand prize winner is Gary Barker, of 97 Prince St., Deseronto, who sold the greatest number of subscriptions, earning a deluxe model Bicycle.

Winners of the draw are:

- 1) Ronnie Carleton, 364 Main St., Deseronto, who wins a standard model bicycle.
- 2) Margaret Rogers, who wins a cassette tape recorder.
- 3) Conrad Albertson, 366 Main St., Deseronto, who wins a transistor radio.
- 4) Jean Sweet, of 93 Prince St. Deseronto, who wins a wrist watch.

Area firms awarded Hydro contracts

KINGSTON, BROCKVILLE FIRMS AWARDED ONTARIO HYDRO CONTRACTS

Two large contracts for development work at Ontario Hydro's Lennox generating station near Bath have been awarded to Brockville and Kingston firms. The awards cover excavation near the lakeshore in the water circulating area, and the supply of ready-mix concrete for the main buildings of the station.

Permanent Concrete Limited, Brockville will provide about 94,600 cubic yards of concrete during the next several years. The contract is worth nearly \$1.5 million.

L. M. Welter Company, Limited, Kingston, will remove rock for the inflow and outflow channels and associated structures such as pumphouses, screening buildings, and conduit trenches. The contract is estimated at less than a half million dollars. Work

will start at once and be completed in the fall.

Meanwhile, 200 men are working on clearing the Hydro property and building the various temporary structures needed during the six-year construction period. These include project offices, workshops, and warehouses. The work force will reach a peak of about 1,600 by 1974.

The Brockville contractor will erect two mixing plants close to the Hydro site. First concrete is to be provided about October. Each plant has a capacity of four cubic yards with a combined potential of 240 cubic yards an hour if needed. Aggregate for the mix will be transported by rail spur which is to be built during the coming year. Pending construction of the spur line, the aggregate

ARE YOU READY?

With Centennial celebrations just two weeks ahead, not much time is left to make final preparations. Don Kinnert, who is parade master for the Centennial parade to be held on Thursday evening, June 17th at 7 p.m. is looking for entries. He hopes that groups and individuals in the area will get into the act, dig out old costumes, and antiques, to make attractive floats for the parade. With so many themes to choose from, it will be tremendous fun for all if everyone co-operates.

The committee, headed by Dorothy McCullough, has spent many long hours in preparation for this weekend of fun and festivity. Won't you all join in and decorate your houses and lawns with flags and flowers, get into the spirit of the thing? After all, it's a once in a lifetime birthday party!

The National Farmers' Union Ontario sub-committee for dairy is concerned that not only are dairy farmers suffering under the rigid policies set out by the federal and provincial governments for the industry, but also for small independent or farmer-owned cheese factories and milk processing plants.

Due to the drop in production of milk, and reduced production quotas many are going to be forced out of business. Recently the plants supply quotas were established for the year. Ontario is divided into three regions: Eastern, Central and Western. In Eastern Ontario the supply quota has been set at 67%, in Central at 80% and Western Ontario at 68%. This means that plants will be allowed to buy that percentage of milk processed to the amount processed in the past.

"For many of them, operating their plants this much below capacity will make it impossible

to survive," says Wm. Langdon, Chairman of the NFU Dairy Committee.

"The small to medium sized cheese factories in Ontario have been the backbone of the industrial milk industry for years, and have been the producers of natural Canadian cheddar cheese that has become renowned in many countries for its excellence. Now government regulations and manipulation by multi-national processing corporations seem intent on putting them out of business by economic pressures. If these practices continue there may come a day when cheddar won't be made, and only processed cheeses will be available."

He said many of the factories are facing a real dilemma, because they have a market for their product but won't be able to get enough milk under their quota to meet the requirements.

Mr. Langdon said figures indicate that in the first 3 months

of 1971, cheese production was up, over 1970. "This could mean that we are not necessarily going to be short of cheese," he said, "but, that the large multi-product plants are switching from the production of butter and milk powder to the manufacture of cheddar cheese—but not necessarily cheddar cheese." He said it has become evident that the huge corporations are influencing government dairy policies, both federal and provincial, while the farmer, independent factories and the consumers are not given consideration.

—(NFU News Release)

Obituary

BRANT, Wilfred

After an illness of six months, the death occurred on May 15, 1971 of Wilfred Brant, at his residence, 62 College Street, Deseronto. Born on the Tyendinago Indian Reserve (R. R. #1, Deseronto), son of the late Mr. and Mrs. John Amos Brant, he is survived by his wife, Nancy Katharine Martin and by two sons, John Ernest and Wilfred John, both of Deseronto. Mr. Brant was in his 90th year.

Mr. Brant is also survived by Leonard, John A. and Gordon all of R. R. #1, Deseronto, Hugo of Florida, U.S.A. all brothers. One brother, Webster is deceased. Mr. Brant has ten grandchildren.

Mr. Brant lived for several years in Point Abn, where he was employed as a mill-wright. He was a member of Christ Church (Anglican).

The funeral service was held on Tuesday, May 18th from White and Morris Funeral Home to Christ Church cemetery, with the Rev. Cyril Wells officiating. Pall-bearers were three nephews, Elwood J. Brant, Elwood D. Brant and Victor Brant of R. R. #1, Deseronto and three friends, Leslie Pritchard, Ray Wood and Thomas Powless of Deseronto.

LOYALIST COLLEGE of

Applied Arts and Technology will hold Convocation Exercises Saturday, June 5th, 1971 at 1:45 p.m. at Centennial Secondary School Auditorium, Palmer Road, Belleville, Ont.

Guest-speaker for the occasion will be the Honorable John W. Minister of University Affairs.

Diplomas will be awarded in the Applied Arts and Business Division, Technology and Technical Division, Extension Division and the Retraining Division

Does Ontario government make farce of pollution fight?

By GORDON HILL, OFA President

Early last month Attorney General Allen Lawrence announced that the Ontario government had filed a \$5 million suit against Dow Chemical of Canada Ltd. The action alleges pollution damage by the corporation's manufacturing plants.

Another prong in federal and provincial government campaigns against pollution are summer clean-up programs for university, college and senior high school students. Youngsters will scour the river banks, roadsides, parklands and recreation areas. Discarded junk, metal, bottles and other debris will be gathered up and destroyed.

This long awaited attack on one of the major problems of our time is most welcome. Both moves give evidence of real government concern, the rest of society is set an example. Possibly they will spur private citizens, businesses and community organizations to redoubting their efforts to clean up and protect our landscape.

Or will they? The cynic might see an example of double standards. The corporation can be a popular target, particularly if it is American-owned. The general public needs little stimulation to buy and bark in pursuit of executives and nebulous shareholders held responsible for scarring the countryside. But what happens when the culprit happens to be a government department?

Ah, this may be a different story.

Last winter vehicles from the Department of Highways deposited quantities of chemicals and sand bordering roads being cleared of snow. One of the main areas affected was in the Niagara Peninsula and little thought was given to these operations at the time. Few of the equipment operators realized that the roadside land was used for farming.

Then came the spring. As the snow disappeared, the grass appeared lifeless; it failed to green-up as the weather became moist and warmer. Soil tests showed the earth had been poisoned; it will not support plant growth for several years. And careful examination showed that in some cases the polluting chemicals drifted in the air when they were first applied. When salt-calcium descended, the ground was damaged as far back as 200 feet from the road.

This is no idle speculation on the part of some upstart farmers: The Ontario government's Air Pollution Branch has confirmed that the virtual sterilization of the land has been caused by air pollution—landowners claimed compensation. There are reports to the effect that officials of the Department of Agriculture and Food supported them.

And why not? The affair looked cut and dried. There seemed general recognition of the fact that while salt-calcium chemicals must be used in the winter for the safety of society, farmers could not

be expected to pay the cost. Moreover, the Department of Highways does not desire responsibility.

Then came the blockbuster: Lawyers within the Attorney General's Department demurred on this question. They objected to one government department, Energy and Resources (Air Management Branch), assessing damages against another department, Highways. Guess what those smart lawyers suggested? Right the first time. They think the issue should be tested in the courts.

No doubt some of them can already hear the chink of gold. Yet another lucrative court battle with the poor farmers paying the shot. At this point Ontario's rural population can hardly be blamed if they sympathize with King Henry VI when he wanted to kill all the lawyers in England for their nonsense.

Fortunately, there is still some hope left. A board of arbitration meets shortly under the patronage of the Air Management Branch. We trust that wiser account than human beings are involved.

Surely news will prevail at this point. The present situation makes a mockery of the Ontario government's war against pollution. It is high time the double standard became a single standard. Certainly no government department should stand idly by the way of implementing moral justice, particularly a department concerned with drafting and upholding our laws.

CONTRACT AWARDED

Clarke T. Rollins, M.P.P. Hastings, has been advised, by The Honourable Charles McNaughton, Minister of Highways, that the H. J. McFarland Construction Company Limited of Picton has been awarded Contract No. 71-22

Grading, Drainage, Granular Base, Hot Mix Paving and Hot Mix Patching. Highway #401 - Part A - Macdonald-Carrier Freeway (Highway #401) from Moira River Bridge East to 6.4 Miles. Part B - Hot Mix Patching - At various locations on Highways #14, #33, #37 and #401. Part C - Hot Mix Paving (Including Bridge Deck Waterproving) Highway #49 - Boy of the Quinte Skyway.

The Contractor's Tender for this contract was \$427,297.25. It is scheduled to get under way June 9th, 1971.

Quinte Arts Council

SUMMER SCHEDULE

June 2-6 - The Belleville 8-12 Theatre Guild presents "The Drunkard" or "The Fallen Saviour", a temperance melodrama by William H. Smith, directed by the Guild's resident Artistic Director, Larry Ewason, at the Pinnacle Playhouse at 8:15 p.m. The Guild is looking into the possibility of again having an outdoor cafe as was done last year at the June play.

June 7 - For two weeks there will be an art display at the Carby Library Gallery by Belleville artists Robert Huffman and William Pope. Open during library hrs.

June 15 - The Annual Meeting of the Quinte Arts Council will be held at Centennial Secondary School

ary School at 8:00 p.m. All visitors are welcome.

June 20 - The Hilarical Society has arranged a tour of the historic home of Mr. & Mrs. Roger Greig, Cherry Valley. This home has had extensive restoration completed. Tour is open to the public free of charge. Please meet at 2:00 p.m. at the Museum, 240 Church Street, if you require transportation.

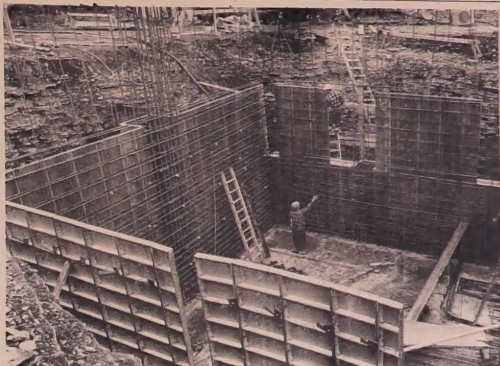

June 21 - For one week there will be a display of works by Trenton artist Mrs. Alfredo McDonald, at the Carby Library Gallery. Open during library hours.

June 26 - 2:30 - 10:00 - The June 27 - 1:00 - 5:00 Horticultural Society's Rose Festival & African Violet Show

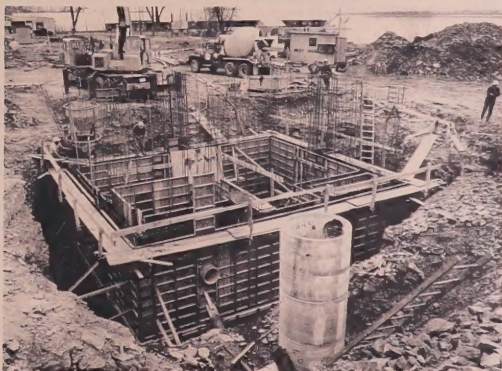

will be held at Centennial Secondary School. Awards will be given for Roses and African Violets. Competition is open to members as well as non-members. Admission: Adults 75 cents, Students 25 cents, and Children 10 cents.

June - July & August - Quinte Twirlers summer Dancing - at Centennial Secondary School, every Tuesday night from 8:00 to 10:00 p.m. Open to all modern square dancers, and visitors are welcome. For further information, please call Garnet May at 968-8343.

Workers are now installing forms and reinforcing steel for walls of basement of the sewage treatment service building. The forms are a pre-fab unit with aluminum frame and resin-treated plywood faces.

Here, workers are pouring concrete for the first sixteen feet of basement, (walls are one foot thick). This building will contain offices, labs, blowers, pumps, and other equipment. Manhole at end of main trunk line is shown in foreground.

Photo by Charles Colby.

New concept in entertainment

Walking into the new Towne Cinema in Napanee is like walking into no other theatre. In fact, it isn't a theatre, but an entertainment centre, an owner-manager Steen Lemvig calls it.

Originally a bowling alley the interior of the spacious modern building has been most attractively fitted out by Steen to offer eye appeal, comfort, and versatility for public and private gatherings. Since its opening a month ago, movies have been shown every week-end and a few private parties have been held.

Although kitchen equipment has not yet been installed, Steen expects to offer full banquet facilities in the near future. At the present time a snack bar is operational in the spacious lobby.

The theatre room is equipped with a modern twenty-two foot wide screen on which can be shown the latest wide-angle cinemascope movies. Comfortable orange-coloured seats are stackable, so that they can be removed if a dance is to be held. And Steen is on the look-out now for good, local bands.

As a refugee from the big city and a relative new-comer to the Napanee area, Steen plans to make his home here. In addition to the Towne Cinema, he operates the Napanee Drive-In Theatre, which he purchased in 1968.

The Towne Cinema, which has ample parking space, is a new concept in entertainment and one which should be popular in this area.

Board of Education briefs

At its meeting on May 25th, 1971, the Hastings County Board of Education approved the following appointments, effective September 1st, 1971:

Mr. Wayne Gariepy, Vice-Principal at Tyendend Public School was appointed to the Principals' Staff (Elem.) and assigned to Douglas R. Atkins PS.

Mr. James Duncan, Principal's Assistant, Simcoe County, was appointed Vice-principal for one year and assigned to Tyendend, Public School.

Nursing Assistants' Course
The Board approved a motion that an agreement be drawn up and signed with the Trenton

Memorial Hospital enabling Nursing Assistants' students at Quinte Secondary School to receive clinical experience in Trenton Memorial Hospital for three months of the school year 1971-72, with second year students being accommodated for two days per week, and first year students being accommodated for one day per week.

Use of Schools
The Board decided to continue its present policy of encouraging the community use of schools and that the office of the Director continue to handle user requests in the manner of the past two years.

Another youth movement

It's another youth movement! Between 3,500 and 4,000 urban young people will visit Ontario farms throughout this summer for periods of one week each.

It's new! The Urban-Rural Exchange Program—1971, an idea of many youth leaders, is fast becoming a reality. This exchange program, developed by the Ontario Government's Inter-departmental Committee on Youth, is being activated through the Extension and Home Economics branches of the Ontario Department of Agriculture and Food.

The main objective of the programme is to provide a learning experience for urban and rural youth, ages 12 to 15

The responsibility of the host farm family will be to include the urban young person in the regular farm life so that he or she will receive a serious insight into the business of farming—an ideal opportunity for Ontario farmers to make their fellow urbanites aware of the agricultural situation in 1971. In return, the anticipated new friendships will enable the rural young people to visit the city at some future date arranged between the families involved. In this way the farm youth may receive a better insight into the problems and pleasures of city life.

Selection of urban students for participation in the 1971 program will be made

through the elementary and secondary schools from those aged 12 to 15 in cities having a population of 20,000 or over.

The program's success?—Just watch!

More information may be obtained from the program coordinator in your local Ontario Dept. of Agriculture and Food office, or from Monica Aiyen, Box 470, Picton (476-3224) home number is 399-5555.

gates will be delivered by truck.

The oil-fired generating station will provide first power in 1974. When completed three years later its full capacity will be 2,295,000 kilowatts.

Gardening Tips

MULCHES

A mulch is something you spread around your growing plants to improve their lot in life. Most mulches, though not all, are vegetable in origin, and the variety of materials used is quite astonishing. The choice of material usually depends on the cheapness and availability of the stuff in your area, thus it is possible, in this area, to use any of the following as mulching material: straw, marsh hay, grass clippings, dead leaves sawdust, wood chips, shavings,

peat moss, pine needles, ground corn cobs or rotted stable manure in addition to these natural materials there are many synthetics which are also widely used, such as polyethylene sheeting, vermiculite or even old newspapers and magazines.

The reasons for mulching are many, so many in fact that it is a wonder that so few people use mulches in their gardens. By applying a mulch you will save both time and work by discouraging the growth of weeds and providing a clean, porous

surface which helps to prevent water from evaporating from the soil and so cuts down on the amount of irrigation. What is more, a good layer of mulch, at least an inch thick, keeps the soil cool, which is important in the maintenance of a healthy root system. It also provides the best conditions for the growth of beneficial bacteria in the soil, and for the activity of earthworms, who were turning soil over long before the plough was invented. Certain plant diseases which are harboured in the soil are reduced by the use of a mulch, because the source of infection is often carried up on to the plant by rain splashes from the soil. The reasons I've just

given are only those that apply to this time of year, come fall I'll let you know more!

The thickness of the layer of mulch you spread depends on what you are using. When the plants are growing well, the hot weather comes along, apply the mulch after weeding and watering your garden. As a general rule if you use a fine material such as sawdust or pine needles, you should apply no more than two inches of mulch on top of the soil around your plants. For coarser materials, such as straw or tree leaves you should use at least six inches. Black plastic may not be very glamorous, but it is very good as a mulch for vegetables which need heat to ripen, such

as cucumbers, tomatoes or melons. Asphalt shingles and building paper are equally good for berry bushes.

Whatever you decide to use, you will find that mulching is a good idea. Some weeds will grow through the layer, but they will be truly weedy weeds, easily pulled up, instead of needing brute force to uproot them. So try a mulch this year, if you don't already use one, then sit back and enjoy your garden for a change!

--Gary Coleman

HOME GARDENING COURSE
BY CORRESPONDENCE

Gardening enthusiasts can increase their general horticultural knowledge by enrolling in the one-year home Gardener's Course offered by correspondence by the University of Guelph. The only requirement is an interest in gardening.

Taking one subject a month for nine months, the student will learn to recognize good plant material and how to handle it for the best results. An assignment is due at the end of each monthly period. A professional horticulturist will evaluate and comment on the paper.

Considerable reading is required from the course textbooks and from bulletins and leaflets included with the assignments. Later, this material will provide an extensive gardening reference library.

Further information can be obtained by writing to: Office of Continuing Education University of Guelph.

TRANSPLANTING

Transplanting can damage trees and plants if it is not done properly. Use the following principles as a guide to safe transfer.

Before starting, the soil should be damp.

Use a sharp spade to cut the outer root of the plant and then dig a circular trench. Gradually cut down the root ball to a size which will sever the fewest roots. Cut half way under the root ball on one side, then on the other. A burlap sack or plastic sheet should be rolled under the root ball before moving the plant.

At the new location dig a hole about twice the size of the root ball. Place several inches of top soil mixture in the bottom then carefully lower the plant into place. The soil surface of the ball should be level with the existing grade. Add more soil and firm into place. Soak the root ball.

Newly planted shade trees should be staked or otherwise supported until they are firmly rooted.

Mr. Roy Maracle of Buffalo, N.Y. visited over the weekend with Francis John.

Mr. Reuben Brant of Detroit spent the weekend with Stee.
Mr. Reuben Brant of Detroit spent the weekend with Stella Brant.

Mrs. Jane Maracle spent the weekend in Point Anne with Hannah Hull.

Mr. & Mrs. Harry Weber and daughter Lisa, of Buffalo, N.Y. visited with Mr. & Mrs. E. W. Crispe of Deseronto over the weekend.

Friends will be happy to hear that Mr. Harold Foote has returned home from Belleville General Hospital.

Miss Connie Brant, Ottawa, spent the weekend with her parents, Mr. & Mrs. Elwood D. Brant.

Mr. & Mrs. Arthur Brant & children from Rochester spent the weekend with Mr. & Mrs. Russell Brant.

Mr. & Mrs. Lyle Leween from Toronto, New York, spent the weekend at their summer cottage.

Mr. & Mrs. Ted Bolandes and Robert, from Niagara Falls, New York, are spending a few days at their cottage at Shannonville.

Deseronto

Mr. & Mrs. Mardon of Hamilton, spent the holiday weekend with Mrs. B. Mansfield. They attended the Mohawk Service while here.

Mr. & Mrs. Don MacMillan attended the service at St. Mary's church, Odesa, on Sunday, where little Loral Barkle great niece of Mrs. MacMillan, received her first communion.

Mr. & Mrs. Roy Sills (Jr.) and Tayna of Scarborough, Mrs. Roy Sills (Sr.) of Belleville and Mrs. Roy Sullivan and family, of Plainfield, were Sunday callers at the home of Mrs. L. Anderson.

Mrs. Kay Hood visited her sister, Mrs. Violet Barbier, in Kingston, over the weekend. On Saturday afternoon they attended the "Folk Arts Festival", of which her niece and nephew Kim & Peter Barbier, took part. They both are with the Rob Roy Pipe Band, who, with their highland dancers, opened the afternoon entertainment. There were also Polish, Ukrainian, French,

Canadian, Greek, Italian and many other dancing groups. A great round of applause went to the little "Indian dancers" from Tyndinago.

Each of the groups had a display of hand-crafts, some of which were for sale. There were also booths run by various groups where you could buy a meal of your choice, or try a little from each. There was entertainment and food for young and old of all Nationalities.

Melrose

Mrs. Ken McMechan
Shannonville
962-3332

Melrose Women's Institute Annual Meeting was held in the Tyndinago Public School with Mrs. Don McFarlane acting as Hostess. Mrs. Mac Lazier conducted the election of Officers which resulted as follows: Pres. Mrs. Jack McFarlane, 1st Vice-president. Mrs. Ken McMechan, 2nd Vice-president Mrs. Joe Summers, District Director-Mrs. Roy McLaren, Curator-Mrs. Jack English.

Ten ladies from here Attended the Women's Institute District Annual held in Foxboro United Church.

On May 12th Miss Sandra Weese was honoured at a Bridal Shower in the United Church Basement with the Mrs. Viny Pascoe, Newton Demille as Hostesses. On May 19th Miss Christine Badgley was so honoured with Hostesses being Mrs. Mary Doyle and Carol Melburn. Both girls are Brides-Elect for the month of June.

On May 23rd Mr. & Mrs. Mac Lazier, Mrs. & Mrs. Bruce Cuthill, Mrs. & Mrs. Gladys Lazier attended the Graduation Exercises at Waterloo Lutheran University when Edward Lazier, received his Bachelor of Arts Degree (History). Congratulations Edward.

Mrs. A. English was hostess at Tyndinago Public School to Melrose Women's Institute May Meeting on Thursday evening. Mrs. G. McLaren led a Panel Discussion on (Discipline in the School and Home). Reports of the Guelph Conference and District Annual were heard.

Miss Patsy Pascoe spent the past week visiting her brother Wayne and Mrs. Pascoe in Chopleau.

C.W.L.

On May 17th, the C.W.L. held its first meeting of the year at the home of Mrs. M. E. Dowling. The meeting opened with a prayer by the Spiritual Director, Father Snaeren, who also installed the new League officers. They are as follows: President - Mrs. M. Sherman; First Vice-President, Mrs. M. Dowling; Second Vice President - Mrs. Anson Lord; Third Vice - Mrs. Phyllis Murphy; Secretary - Mrs. T. Whaley; Treasurer - Mrs. D. Reid; Councillors - Mrs. R. E. Dowling, Miss Mary Roach, Mrs. M. Flynn, Mrs. E. Roach and Mrs. M. Cassidy.

The business part of the meeting then followed. The President, Mrs. M. Sherman and Mrs. P. Murphy will be delegates at the Diocesan Convention in Belleville on May 29th and 30th. The convenors to visit the sick during the month of June are Mrs. Hilda Dowling and Mrs. Phyllis Murphy. Mrs. Anson Lord offered her home for the next meeting.

The meeting closed with prayer by Father Snaeren after which Mrs. Dowling served refreshments and a social hour was supplied.

St. Mark's

A.C.W.

St. Mark's Church Evening Branch of the A.C.W. was held on May 17th at the Parish Hall with President Mrs. Reg Batt presiding.

The reading of the minutes and the Treasurer's report were read by Mrs. Charles Gray.

The Flower Fund report was read by Mrs. Bert Colles. The June Senior Citizens get-together was postponed until a later date.

The September 29th Euchar party was discussed. Miss Alice Jackson organised the meeting.

A social hour followed over a delicious lunch served by our hostesses for the month, Mrs. Bert Colles and Mrs. John Glen. Next meeting will be held on September 20th.

Quinte

The Quinte Old Times had a meeting on May 19th at 2 p.m. in the Lions Hall.

The President, Gordon Walker was absent and Ada Clous, 1st. Vice President, presided. She spoke words of welcome to the members and visitors. She asked that it be reported to her if any members were sick or shut-in so she could send cards.

The Secretary read a letter of invitation to attend the Napanee Senior Citizens' Club on June 2nd. If transportation can be arranged, the club will

be attending.

The prize winners were: Ladies High Score - Elizabeth Miller; Ladies Low - Bertha Boston; Men's Low - Norman Davis; Men's Low - Stewart Clute and the Travelling Prize was won by Bertha Mansfield. A delicious lunch and tea were served by the committee in charge. The next meeting will be June 16th.

If any members who were not present at the meeting wish to attend the Napanee Club on June 2nd, phone Mrs. Stafford Claus before the end of May.

Death

BRANT, DONALD— as a result of a car accident, Sunday May 30th, in his 60th year. Donald Brant, R.R. #1 Deseronto, dear son of the late Mr. & Mrs. John L. Brant and dear brother of Ross, Kingston, Francis (B.B.) Buffalo; Olive (Mrs. R. J. Robinson), Winnipeg, Magdalene (Mrs. James A. Lucas) C.F.B. North Bay; Evelyn (Mrs. Burton Ross) R.R. #2 Shannonville; Velma (Mrs. Reginald Tibbitts) R.R. #1 Kingston.

Resting at White and Morris Funeral Home, Deseronto. Funeral Service - Christ Church, Thursday June 3rd, 2 p.m. Rev. Cyril Belts officiating. Interment Christ Church cemetery.

Engagement

Mr. & Mrs. Mervin J. Sherman Deseronto, wish to announce the engagement of their daughter, Carolyn Anne Marie to Mr. John Lori, son of Mr. & Mrs. Joseph Lori, St. Catharines. The wedding will take place on Saturday, July 3, 1971 at 12 noon in St. Vincent de Paul Church, Deseronto.

FRESH ONTARIO ASPARAGUS
SEASONAL AND DELICIOUS

Only from mid-May to mid-June can we enjoy that highly seasonal, tender green vegetable delicacy, fresh Ontario asparagus.

Asparagus is as versatile as it is delicious. Try it with a hollandaise sauce, butter, lemon juice, or vinaigrette; or on toast topped with crisp crumbled bacon and a creamy egg sauce; or rolled in ham and topped with a cheese sauce.

Sun. at 2:00--Kingston at Deseronto
Mon. at 6:15--Deseronto at Tyendinaga All-Stars

GAME OF THE WEEK

The game of the week was played between two FeeWee teams, the Deseronto Legion #280 playing host to the Cobourg "Zellers". The game started off to a flying start as Deseronto took an early 2-0 lead. After the 4th inning the Legion players found themselves in deep trouble as the Cobourg team came to life and led the Deseronto team by 7-3.

It was at this time that I was wondering if the team had become little to over confident that they could walk all over the Deseronto team, which seemed to be happening. Cobourg changed pitchers in the 6th which was their downfall as the Deseronto team went through the batting order almost twice to score 10 runs, and defeat the Cobourg team by a large score of 14-7.

This was well done, team for your first E.O.B.A. contest. You should do very well against the other teams in this league; just do not get too over confident. A great deal of the credit has to go to the coaches of this team, they have done a good job with coaching. Congratulations to Marvin Brooks, Cal Loney and Bernie Johnson. Keep up the good work.

remanded

Ross Baker, candidate for the Frontenac-Addington Liberal nomination appeared at Sharbott Lake Court Friday, May 21st, charged with starting a grass fire on the farm in April.

He pleaded Not Guilty and was remanded two months for trial by Judge Baker.

The charge carries a penalty of \$28. Although more economical to settle out of court, Mr. Baker suggests he is fighting the charge for the "Public Good" and "Preservation of Property Right."

BASEBALL

Our Centennials "71"
Bantam ball team was their first regular season House League game against a hard hitting team from Thurlow last Thursday night. Steve Hefferman pitched a great game and Deseronto went all the way for the win. The Centennials "71" got some great clutch hitting by Garnet Brant and a spectacular catch by Steve Kemp in Centre to end the game.

This game was the first real team victory and every player deserves a lot of credit for a good game. Final score--Centennials "71"-10 Thurlow Merchants-7
-George Barker

Our Centennials "71"
(Bantams) got bombed by a much better team from Peterborough to the tune of 24-6 Sunday afternoon. We knew this would be a good club as they're in a Major A category. It also shows we need a lot of practice and more experienced coaching. Our boys played good ball and are not to be blamed for the loss. I am not making excuses and only wish I was with the experience. Don't count us out, I know we'll bounce back as we gain experience and don't stop coming out to the games.

Runs for Deseronto were scored by: Dave Breault with 2, and 1 each by Tommy Jackson, Brian Layfield, Steve Hefferman and Garnet Brant, who had 4 hits in 5 at bats with 1 home run.

Next game is Saturday at 2 p.m. against Whitby. Please be there.

--George Barker

Recipe of the Week

A GOURMET ROUND STEAK
RECIPE RECOMMENDED BY
LE BARON CHEF

A special recipe for round steak, which is delicious when served with hot French bread and garden fresh vegetables of your own choice, is an easily prepared gourmet treat that's recommended by Jean Merlet, Chef de Cuisine, at the Le Baron Motor Hotel in Trois-Rivières, P.Q.

One of his favorite recipes the ingredients given by Chef Merlet are sufficient to serve six persons. Why not try it today?

Ingredients:
6 portions of round steak, 8 to 9 oz. each
3 medium onions, minced
1 1/2 oz. tin peeled tomatoes
1 pint beer
2 tablespoons brown sugar
4 oz. brown roux (2 oz. butter 2 oz. flour)
2 tablespoons oil
2 cloves of garlic
1 sachet Bovril beef bouillon powder
Thyme, crushed bay leaf, parsley to taste
Salt and pepper

Method

To prepare this gourmet recipe according to the recommendations of Chef Merlet, you will need six portions of round steak of about 1/2 inch thickness, and each weighing between 8 and 9 oz.

Season your steaks with salt and pepper and fry them quickly on both sides in a skillet or deep frying pan that contains 2 tablespoons of oil. This will take only a matter of seconds before the steaks are slightly brown on both sides. They should then be moved to a Dutch oven.

The next step is to sauté 3 minced onions in the same oil that is left in your skillet. Sauté them until golden at which time the onions should be spread on top of your steak

In your skillet you should now add 1 pint of beer and the juice that you'll find in an 1/2 oz. tin of peeled tomatoes. Gradually and blending well, add 2 tablespoons brown sugar and 1 sachet Bovril beef bouillon powder. Thicken this mixture with 4 oz. of brown roux which you have made by blending 2 oz. of flour with 2 oz. of melted butter. Then add herbs and garlic.

The final step is to pour this sauce over the steaks in your Dutch oven, cover, and cook in a low oven at 250 degrees for 2 1/2 hours. Chef Merlet recommends that you add the peeled tomatoes half an hour before the end of cooking.

Shown above are, from left to right, Ron Conger and George Barker, (Deseronto coaches), Gord Cole and Wayne Brant, (umpires) unidentified person and Pete Harris, both Peterborough coaches. Photo was taken at opening E. O. B. A. game in Deseronto.

From the editor's notebook

SUNK HOPES

Federal and provincial proposals for underwater parks surfaced simultaneously the other day. A federal task force recommended establishment of an underwater national park in the Strait of Georgia at about the time Ontario Lands and Forests Minister Rene Brunelle was proudly announcing plans for Canada's first underwater park off the Bruce Peninsula.

There is an undeniable attraction in the idea of a park that is underwater. Government would have difficulty granting a logging concession in it. Tourists would have trouble setting it on fire. It holds, for the harassed urban dweller, the promise of blessed silence.

Ontario's venture is to be called Fathom Five Provincial

Park and there will be underwater signs and markers to guide visitors to nearly 20 shipwrecks that range from old sailing vessels to early steam tugs. In some respects it will be like entering the visitors' gallery at Unfathomable 117.

The above article, clipped from the Globe and Mail, makes one wonder why the waters around Deseronto and Prince Edward County would not provide the ideal locale for such an underwater park.

After all, Quinte waters abound in old shipwrecks, the area is famed for its natural beauty and historic interest, and such a park here would provide a fine boost to our developing tourist industry.

Smaller classes win support

SMALLER CLASSES FINALLY WIN RESEARCH SUPPORT

A new research study finally supports a long-held teacher contention—that class size does make a difference. For years teachers have claimed that students in smaller classes achieve "significantly higher" performance scores than those in large classes. And this is precisely the conclusion of a study by Columbia U's Institute of Administrative Research (IAR). Past research on class size, which has measured student performance by standardized tests, has shown that class size has little or no effect on student achievement. The IAR study uses another kind of measurement: Its own "indicators of quality". Developed over a seven-year period, this measurement process relies on 51 items of student and teacher behavior that can be observed in a classroom. The system emphasizes four areas: individualization, "interpersonal regard", group activity and creativity. Using this system, researchers observed 10,528 classrooms in 112 "largely suburban" public schools in what may be "the most extensive survey of American education ever undertaken in one study".

IAR's class-size research identified "critical break points" certain sizes where performance scores drop sharply. At the elementary level there are three break points: 5, 15, and 25. At the secondary level there are two: 10 and 16. "It would be well for systems to consider altering their class size ratios if close to and on the wrong side of a critical break point", advises IAR researcher Martin

N. Olson. "However, to expend school funds to lower just any existing ratio by one or two students seems entirely unjustified in view of this evidence." Although the study firmly maintains that "any way one tries to slice it, smaller classes produced significantly higher scores", it also notes that class size made little difference in certain subjects and with certain teaching techniques. Therefore, Olson recommends that class sizes "fit the unique needs of particular subjects".

The study found that "styles of educational activity" are even more important than class size. Olson notes that performance scores could be "greatly improved" if schools used these styles more frequently: small group work, individual work, discussion, laboratory work, pupil report and demonstration. These styles consistently produced high scores in most subjects at both the elementary and secondary levels, Olson says. And he recommends schools make less frequent use of the lowest scoring styles: lecture, question and answer, desk work and movies. He concludes that "present data indicate a heavy reliance on the less effective styles".

The study also reveals a harsh indictment of substitute teachers, finding them to be virtually worthless. Olson notes that the abysmal performance of substitutes was especially marked at the high school level where their classes "barely came up to the scratch line of zero". Olson concludes that substitute teachers act as no more than baby sitters. "Either substitute teacher performance must be improved", he contends

"or alternative, less expensive methods of handling teacher absence should be initiated". The study also found a relationship between performance scores and the day of the week. Monday was the lowest scoring day and Friday, the highest, the other days plateaued in between. Olson suggests that a more relaxed attitude on Fridays may improve student-teacher relationships. The study found that student scores were not affected by the sex of the teacher or the time of day.

Deseronto public school

THEME ON TYENDINAGA RESERVE

During work on our present theme in the junior division we have been fortunate enough to have visitors at the school to provide interesting "first-hand" information on life in Tyendinaga. Rev. Cyril Bells, gave pupils a look at life on the reserve today, Mr. Leslie Claus, new liaison officer who will next year be working in Moira Secondary School and teaching the Mohawk language on the

reserve presented pupils with a look at the early history and Mrs. Dorothy McCullough related this to our own centennial celebrations in Deseronto.

On Tuesday, May 25th, an excursion to various places of interest on the Reserve will take place for approximately one-third of the pupils in each class. Co-operation of those who have participated or assisted has been very much appreciated.

R. K. Uens, Principal.

To date there have been 7 fires in the district which have burned a total of 18.9 acres. Four of the fires were caused by Residents and three were classified as incendiary.

There have been a number of persons charged under the Forest Fire Prevention Act for burning without a Fire Permit. Under Section 11 of the Forest Fires Prevention Act a person must obtain a Fire Permit before setting out a fire to dispose of grass, brush or other debris, during the fire season, April 1st to October 31st.

A Fire Permit is not required for a fire which is set for cooking or obtaining warmth. All fires of course must be attended, kept under control and must be extinguished before the site is abandoned.

Fire Permits are available Forests Offices or from Township Fire Wardens who have been appointed as issuers.

Spring is the season when the dead vegetation is very flammable and fire is difficult to control. Each year there are incidents where residents burn their buildings or homes while burning grass and debris. All persons are cautioned to use fire legally and to do so with caution and respect for private and public property. D. E. Gage, District Forester, Department of Lands and Forests TWEED Ontario

Kingston Presbyterian

THE W.M.S. of the Kingston

Presbyterian hold Spring Rally On May 19 the Women's Missionary Society of the Kingston Presbyterian of the Presbyterian Church held its annual spring rally at St. Andrews Presbyterian church, Pictou. The theme was "Without Vision the People Perish."

An executive meeting was held prior to the rally at which time various business matters to be brought before the meeting were discussed.

The visitors were greeted by the Pictou ladies who served a cup of coffee and cookies.

The President, Mrs. Effie Williamson of Trenton, opened the meeting with a Call to Worship and prayer. A group from Amherst Island conducted the morning Worship service. The visiting ladies were welcomed by Mrs. Jones, wife of the Minister of St. Andrews, Pictou.

The minutes of last year's Rally were read by the Secretary Mrs. Sheffield. It was decided to have the Fall executive meeting on Wed., Nov. 3, at Strathcona Park Church, Kingston; also a Workshop is to be held at St. Andrews, Belleville, on the 30th of Oct.

Reports of the Synodical meeting held recently in St. Columba Church, Belleville, were given by two of the delegates, Mrs. Hawkes and Mrs. Murray. Mrs. J. Beach Literature Secretary, told us of some new books she had for sale along with her usual supply. A report of the Children's Rally held in Deseronto in May was given by Mrs. K. Hood. There was over 100 children attending this Rally. The Treasurer's report was given by Mrs. J. Craig.

Miss F. Matthews closed the morning session with prayer. A beautiful luncheon was served at noon by the Pictou ladies which was greatly appreciated and enjoyed by all in attendance.

The President opened the afternoon session with prayer. The Roll Call was taken showing over 100 members present. A solo was sung by Miss C.

Mitchell accompanied by Mrs. Vandusen. Some of the Presidents of a few societies told us of some changes they had made in their groups which they found to be beneficial.

The guest speakers, Rev. and Mrs. David Murphy of St. Columba Church, Belleville, were introduced by Mrs. Burr. Mr. and Mrs. Murphy had been missionaries in Trinidad and Guyana. They told of the work carried on by the Presbyterian Church in Trinidad since the first Canadian Presbyterian minister, Rev. John Morton, his wife and small daughter arrived there over 100 years ago.

They were from Nova Scotia. Mrs. Murphy gave an insight into the plight of the women in the earlier days but who are now becoming free. They had many lovely slides showing the people, the buildings and country of Trinidad and Guyana. Mrs. Lyons of Kingston thanked Rev. and Mrs. Murphy for the addresses and pictures which were most informative and interesting to all.

The offering was taken and dedicated. Mrs. V. Weir reported on the Second Mile project and said there was still a need for these articles.

The ladies from Strathcona Park, Kingston, conducted the closing Worship service and Rev. D. Murphy closed with Spring Rally with prayer.

Plans complete for Centennial

NEXT WEEK IS THE WEEK WE'VE BEEN WAITING FOR

With Deseronto's Centennial Celebrations only a week away plans have been finalized, and members of the committee under the chairmanship of Dorothy McCullough, are beginning to breathe a little easier. That's not to say that their work is all finished—for from it—but the major hurdles have been surmounted. Now all that is needed is whole-hearted participation by the local citizenry and -- fair weather!

Mrs. McCullough informed the Scanner Monday, that the special Centennial "boater" hats with their snappy red, white and blue bands with gold lettering sold like the proverbial hot-cakes over the weekend. She just hopes there will be enough of them to meet the demand.

Since we last published the schedule of events for the Centennial weekend, a few have been added. Below is a complete schedule.

Thursday, June 17th

7 p.m. - Parade to Centennial Park. Parade master Don Kimmert reports that the following groups and individuals will be participating. Gordon Topping of Deseronto is organizing a group of people to drive in several vintage cars. There will be several riders on horseback, and people in costume walking. (Anyone is welcome to join the parade.) Legion colour parties from Belleville, Kingston, and Deseronto, including Legion ladies, will also be marching, as well members of the Mohawk reserve Orange Lodge in buckskins, and Deseronto Guides and Brownies in uniform.

One or two floats have been promised, but more are needed to make this an unforgettable event.

Deseronto Firemen, in appropriate Centennial garb will ride on the fire truck and pull the old hose cart reel. Fire trucks from Napanee and Picton will also be included.

To stimulate the marchers, music will be provided by the Rob Roy Pipe Band and the Sea Cadet Band, both of Kingston.

8 p.m. Band Concert at Centennial Park (Admission 50¢)

LAWN PARTY AT "THE CASTLE"

FORESTERS' ISLAND

Picture yourself at Centennial Park next Sunday (June 20th) (Photo loaned by Melville Hill.)

Tragedy Prevented

Toronto Youth Saved From Drowning — A young man's life was saved on Saturday by the quick and courageous actions of two local men, and the assistance of two policemen. 18 year old William Ernest Nickle of Toronto who was a passenger in a small craft heading from the Mill Pond to the Candak property just west of Deseronto, decided to swim the remaining distance. Jumping overboard, at a point between

Centennial Park and Boathouse point, he swam a few yards before taking a severe cramp in his leg. Hearing his cries of distress, William Jackson of Napanee, who was picnicking in the park, and swam from the Deseronto shore to aid the floundering swimmer who was apparently unconscious by the time Jackson reached him. He began to bring Nickle to shore and was quickly assisted by Mike Ryan, also of Deseronto, who had rushed to the scene with his boat.

In the meanwhile, Doug Law,

Mr., contacted the police, who were on shore when the two men arrived with Nickle. Constable Gary Owens of the Deseronto Police Force and Constable Ed Brownlee of the Belleville force gave artificial respiration immediately which they continued for about ten minutes until the young man regained consciousness—minutes before the ambulance arrived to take him to Napanee Hospital.

Thanks to quick action and efficient teamwork a tragedy was averted.

A truck belonging to Metcalfe Foods, stolen at 4 a.m.

Saturday morning from the company parking lot, was recovered only a half an hour later in Belleville. Witnessing the action, Constable Stan Bass of Deseronto turned in a report immediately to City Police in Belleville, who recovered the stolen vehicle and charged a Deseronto youth with the theft. The keys had been left in the truck.

Another auto, was also stolen early Saturday morning, it was recovered on the Candak property, Deseronto, by the Deseronto Police. Another Deseronto youth was charged with the theft of this vehicle, which belongs to a Milltown resident.

Friday, June 18th

9 a.m. - 2 p.m., guided tours of industries, as follows:
9 a.m. - Metcalfe Foods
10 a.m. - Canada Optical
11 a.m. - Ideal Vendors

CKWS coverage (video tapes) has been assured for the events of the week-end.

Deseronto Council

At a regular Council meeting Monday evening, the Town's Auditor Mr. John D. Lewors, of Belleville presented the financial statement for the year 1970. Following his detailed report, he made several recommendations, two of which will be acted upon immediately.

Because of an operating deficit over the past two years, Mr. Lewors urged that water rates should be adjusted immediately.

He suggested, as well, that a survey be undertaken immediately to establish the dimensions of frontage for each property in the town so that rates for sewer frontage can be set.

Council agreed that both these necessary measures must be taken at once.

A by-law was passed authorizing the clerk and Mayor to complete a contract with Mr. David Armitage as police attendant and caretaker, as of June 1st. Former attendant, Robert Davies, resigned on May 31st.

A letter was read from the Ontario Department of Health, stating that they had designated Deseronto as an under-serviced area, which needed an additional physician's services. The letter further stated that the department is endeavouring to attract additional medical services.

no peace at Rock Acres!

The Rock Acres Peace Festival at Madoc is being heard about, one way or another, all across the country.

Last Wednesday morning, Mrs. Anne Kennedy of Madoc brought in a newspaper clipping to the North Hastings Review which said that she had just received in a mail from her sister-in-law in Vancouver, B.C. The article was taken from the May 20th edition of the Vancouver Sun. "It was entitled 'The Flies Will Keep It Decent', and read as follows:

MADOC, Ontario
Retired farmer, James Quinlan's plan to celebrate his 40th wedding anniversary with a three-day rock festival has created an uproar in said Madoc Township.

While the Township Council is busy passing by-laws to stop the festival, the Quinlan family is hoping the Rock Acres Peace Festival will attract 50,000 persons to their 200-acre farm near this community 30 miles north of Belleville.

Quinlan, 66, was planning his anniversary celebration last September when the family got the idea for the festival. The anniversary date is June 24th, but Quinlan pushed the celebration ahead to July 3, 4, and 5.

The idea of music came naturally to Quinlan, a country fiddler who learned in his 40's to play the violin for square dances. His son, Leon, 27, a lead guitarist with local rock groups suggested "going all the way" and staging a rock festival.

James Jr., 23, of Toronto joined his father and brother to promote the festival.

Reports of the festival have had the county agog since February, when Ontario Provincial Police found posters and later, but reserve the date now. The fiesta is open to all the community.

July 8 Workers in the Fields of Ostris: an exhibition of Egyptian funerary statuettes organized by Jim Bakes with objects to loan from his own collection and from the Royal Ontario Museum, Toronto.

These small mummiform Shabti figures, of wood, stone, pottery and even mud, come from the tombs of Royalty and nobility and give a que glimpse into the death cult on one of man's most enduring civilizations. They will remain an exhibition until October.

August 4 Rodin and His Contemporaries: This important exhibition of 43 works by Rodin and his contemporaries, Maillol, Despiau, Renoir, Bourdelle, Gonzalez, Picasso is presented by Rothman's of Pall Mall Canada Limited.

tickets during a routine check, and notified the Hastings County Clerk-Treasurer, Carl Bateman.

Bateman has said controversy over the festival has brought him "the most abusive telephone calls" in his tenure of office.

Madoc Township Council acted quickly. In April it passed a "Festival By-Law" requiring among other things, a \$200,000 public liability bond.

When the Quinlans said they would go ahead with the festival anyway, council Saturday passed another bylaw prohibiting use of land in the township for anything other than what it is zoned for.

It will be sent to the Ontario Municipal Board for approval.

Quinlan says the by-law is illegal.

The family says about half the 11,000 advance tickets have sold at \$10.00 apiece. They say they have a contract with about 20 Canadian bands, including Light House and Crowbar.

The Quinlans place lies a

mile down a rutted one-lane township road. Ten miles away from Madoc, population 1,500. The farm has electricity but no telephone.

The nearest community is the hamlet of Queensborough, about a mile and a half to the east with 100 inhabitants, two general stores and a mill pond.

About the same distance to the west is Hazard's Corners, where a white clap board church and the Royal Orange Lodge sit stolidly facing each other across the road.

"The festival will be a shot in the arm to this area's economy," says Quinlan. "Those people will drop a lot of money around here."

Quinlan says the family is hiring 30 off-duty police to patrol their grounds in three shifts and "the OPP won't let drugs over my fences."

Of possible nudity he says: "They aren't going to keep their pants off long around here—the blackflies will take care of that."

Quinlan's wife Margaret is only worried about one thing, the rock music. She wants her husband to take over one of the two stages and play a country music concert "for the old folks".

Bread and Circuses

The government of Ontario, in its wisdom, appears to be taking a different course from the Imperial Government of Rome, which successfully staved off the threat from the unemployed and the poor, by not only giving them free bread but also free admission to the circus (for man cannot live by bread alone). In Ontario, bread is anything but free, and they'll charge you a buck a head to get in to Ontario Place.

To make matters worse, we now see by-laws to regulate public gatherings being passed around the Ontario municipalities. Vast sums of money are demanded of promoters of public entertainment, supposedly to pay for protection of life and property.

Will this stop the spectacular crowds, the din, the high spirits, nudes and couples in public embrace?

Will Rock Acres, Masport, Harmsworth, Grey Cup, Pictou Fair and Deseronto Winter Carnival be taken away from us? Will we be left with nothing but the late, late, show and Saturday night at Shannanway?

SUMMER SCHEDULE

ANGES ETHERINGTON ART CENTRE GALLERY'S UNIVERSITY AT KINGSTON
Current Exhibitions

June 4-27 Sensory Perceptions
An exhibit exhibition with a challenge to all people...old, young, sighted, unsighted. An exhibition where to feel, touch, hear, see, smell...to experience the world of sensory perceptions. It is organized and circulated by the Extension of the Art Gallery of Ontario.

Because of the nature of this exhibition it will be open to the public from 12 noon to 5:00, Monday to Friday; 7:00 to 9:00 Monday to Thursday.

Special tours for school groups can be arranged during morning hours by previous booking; telephone 547-6170.

June 5-27 Mother and Child:

"In children's art from city schools. An exhibition arranged with the co-operation of Bob Fisher, Art Consultant for the Frontenac, Lennox and Addington Secondary School Board.

June 17 & 18 Flower Arrangement Workshop: a few vacancies still exist for one or both days of this workshop, planned in co-operation with the Kingston Horticultural and Garden Society and to be conducted by Mrs. Meiklejohn of Toronto. Gallery Association members have priority of registration

until June 9. The fee is \$2.50 per session.

June 22 & 23 Macramé: the Craft of Creative Knitting.

A two day introductory workshop in the ancient and modern art of non-woven construction, will be conducted by Christie Murrie and Teresa Gwizdzala, students of Sheridan College of Applied Arts and Technology and sponsored by the Gallery Association. There will be morning and afternoon sessions each day and the studio will be available in the evenings for further practical work. The fee for the workshop is \$8 and registration is limited.

Members of the Gallery Association will have priority until June 10 only. Please register at the Art Centre. Supplies will be available. July 1-28 Andre Bieler-50 Years This major retrospective exhibition of 66 works by Kingston's Andre Bieler was prepared by the Arts Centre and is being circulated to 11 Canadian cities. An illustrated catalogue is available.

July 1 A Mexican Fiesta, planned by the Gallery Association, will mark the opening of this exhibition. From 3:30 p.m. to midnight, on the Dominion Day holiday, there will be fun and events for children and adults, in true Mexican holiday style, in and around the Art Centre. Further details of the programme will be sent to Gallery Association members

Horse Show Entries Lagging

The annual Prince Edward Spring Horse Show, co-sponsored by the Pictou Kiwanis Club and the Prince Edward Agricultural Society, will open in the County Centre, Friday evening, June 18.

This year's program of events includes 36 riding and driving classes to be judged by Burt Summers, RR 7 Belleville. Trophies will be presented to first, second and third place winners in all classes while ribbons will be awarded to the first five place winners.

The 1971 spring horse show will open officially Friday evening, June 18 at 7:45 p.m. A program of ten saddle and harness classes will be highlighted with musical entertainment by The Cherry Valley Sweethearts and The Branded Men and recording stars The Singing Post Family. Stars from Cross Country Jamboree will be featured during Saturday night's show beginning at 7:30 p.m.

Western games fans can enjoy watching cowboy beat

the clock in barrel, flag and pickup races scheduled for Sunday afternoon, June 20. Special features of the final day of the popular spring show include hunter and jumper classes and pony chariot races.

Show secretary William Olan said yesterday only a handful of entries has been recorded to date. A last minute flood of entry forms is expected next week from horsemen entering before the June 14 closing deadline.

Mr. Olan reported many telephone calls from persons interested in exhibiting at Eastern Ontario's premiere indoor show and predicted entries will be increased this spring. More than 100 exhibitors participated in last year's program of events. Inquiries concerning the spring horse show can be made through William Olan, Box 470, Pictou.

Loyalist holds Convocation

Loyalist College of Applied Arts and Technology held Convocation Ceremonies, Saturday in the auditorium of Centennial Secondary School.

Diplomas were presented to graduating students in the Arts and Business Division, Technology Division and Retraining Division. Over four hundred diplomas were awarded.

Two Honorary Diplomas were presented to two distinguished gentlemen. His Honor Judge Jacob Carroll Anderson, an active member of the Board of Governors, and former Chairman of the Board was presented with an Honorary Diploma of Applied Arts and Technology, Honorary Causa.

Mr. Donald Wallace Shaver, Associate Director of the Applied Arts and Technology Branch, Ontario Department of Education received an Honorary Diploma of Applied

Arts and Technology.

Honorable John White, Minister of University Affairs was present as guest speaker for Loyalist Convocation. It was Mr. White's first speech at a College of Applied Arts and Technology as the new Minister.

Area Students Win Awards

The following students in this area received awards at Convocation Ceremonies at Loyalist College of Applied Arts and Technology:

Napanea:

Robert Norman Yarrow
Brian Meredith Dickey
Geoffrey William Webster

Belleville:
Robert Donaldson Rennie
Barbara Ann Scott
Robert James Carter
Gail Anne Hosking

Bloomfield:
Marlene Elaine Parks

R.S. conference.

"ARTHRITIS CONTROL - THE IMMEDIATE GOAL" was the campaign theme of the conference Ontario Division's first campaign conference held at the Westbury Hotel, Toronto, April 17th and 18th. A campaign goal of \$852,000 was announced for 1971.

More than 200 volunteers from across Ontario attended the conference, designed to assist them to carry out the Society's plan for attack on arthritis in their local communities. Mr. Rainey represented Prince Edward County.

Two full days of activities in-

cluded a tour of the University of Toronto Rheumatic Disease Unit, Western Hospital Division; seminars on fund-raising; a special presentation of C.A.R.S. research program and displays of the Society's physiotherapy and education programs.

The Conference theme, "Arthritis Control - the Immediate Goal", emphasized that disability can be prevented in four out of five patients through early diagnosis and treatment. But, according to the Society's medical advisors, we are only now on the threshold. A major increase in research funds from C.A.R.S. now is necessary to achieve control of arthritis in the next decade.

Conference reports showed 1970 was a banner year for the Society in Ontario. United Appeal revenue increased 15%, campaigns in other communities increased 65%. The number of communities where volunteers act for CARS increased 20%. C.A.R.S. physiotherapists provided 20,793 treatments to patients. Rheumatic Disease Units of university teaching hospitals supported by the Society admitted 1,661 patients.

In summing up the Conference, Mr. Rainey said "I realize now just how important arthritis control is to our community. Arthritis affects more of us than any other disease. Everyone knows somebody with arthritis."

Several suggestions were put forward for fund raising. In many other communities extra-campaign projects are used and are extremely popular. One of these projects will probably be decided upon in the future.

September is "Arthritis Month" in Prince Edward County. The official dates for the campaign being September 15th to 30th.

Brochures and leaflets on Arthritis and C.A.R.S. will be distributed around the County and are available at all times through the local Branch - Box 55, Bloomfield.

For further information contact Mrs. Roger D. Hurst, Box 120, Pictou, Ontario. Phone 476-3535.

WINNERS

Pictured above are winners of the Scanner's Subscription Campaign. In centre, on left, is Gary Barker who sold the greatest number. Beside him is Rennie Carleton, first draw winner. Far left, is Margaret Rogers and on far right are Conrad Albertson and Jean Sweet.

World Champion to perform

Mike Robertson of Toronto, World Champion Kite Skier, and Delta flyer will star in the Ski Show scheduled for next Saturday afternoon as part of Deseronto's Centennial celebrations. The championship was taken by Mr. Robertson last July in Bridgeport, Texas, in spite of the fact that he had fractured his heel the day before the contest. Mr. Robertson is a brother of Mrs. Mike Church, secretary of Deseronto Public School.

LEGION LADIES PRESENT CHEQUE

At the annual meeting of the Canadian Legion Branch 280, Deseronto, last Friday evening, June 4th, officers were installed for both the men's association and the Ladies Auxiliary.

A cheque for \$1200 was presented by Auxiliary President, Kath Fraser to Legion President Keith Brodie. This brings the Ladies' contribution over the past year to a total of \$2500, all of which will be used in renovating the Legion Hall.

On June 25th a Mortgage Burning Ceremony will be held by Legion members, to which guests from neighbouring branches will be invited. The Scanner will print further details on this in next week's issue.

Swim courses

Swim Courses Will Run Again
July-August

Lennox and Addington swimming and water safety courses will be held again this year for two months during the summer.

The courses will be held at Beaver Lake for the month of July and the Bath Municipality Park during August. The registration fee is \$3 for one person and \$5 for family membership. A fee of \$2 a child is charged for bus service to the course sites.

Former secretary of the organization, Mrs. Edward Hooper of Napanee also said Friday that the organization depends largely upon donations from service clubs and various businesses to survive. County Council and some Municipalities within the county will also give grants.

Last year over 800 children participated in the two month course. Children under seven years of age aren't allowed to enter the swimming course. Swimming classes in Napanee used to be part of the program of the Lennox and Addington swimming and water safety course. Since a recreation director was

hired he has been in charge of the swimming classes carried out at the swimming pool here. Children start instruction as "toddlers" and can work their way up to the bronze medallion for swimming. There are seven Red Cross qualified swimming instructors participating in helping this program.

Each child receives an hour of instruction every day. The course is carried on five days a week for two months. People interested in the program of swimming and water safety should contact the area representative of the swimming centre.

THE HASTINGS COUNTY BOARD OF EDUCATION AUDITORS' REPORT

To The Supporters Of The Hastings County Board of Education

We have examined the Revenue Fund and Capital Fund Balance Sheets of The Hastings County Board of Education as at December 31, 1970 and the Revenue Fund Statement of Revenue and Expenditure and Statement of Source and Application of Capital Funds for the year then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion these financial statements present fairly the financial position of the Board as at December 31, 1970 and the results of its operations and the source and application of its capital funds for the year then ended, in accordance with accounting principles generally accepted for Ontario School Boards applied on a basis consistent with that of the preceding year.

Happenings

SMALL BOY RECEIVES EYE INJURY

Seven year old Bobby Barker, son of Mr. and Mrs. George Barker of Prince St., Deseronto, has been a patient at Kingston General Hospital since last Thursday. He was hit in the right eye with a stone thrown by a playmate and the eyeball was injured. The extent of damage is still not known.

Recent dinner guests of Mr. & Mrs. Merton Cummings, Mill St., were Mrs. Edna Good, & Everton Godfrey of Mountain Grove, also Mr. Arthur Deseronto of Elinton and Lila Lucas of Flinton.

Brother Theodorus Talboom visited with the residents of Quinte Beach Nursing Home on Friday evening. On Sunday afternoon Rev. D. Trafford and Mr. Bignell held Service as usual.

Mrs. Arthur Roy, Mr. & M. Mrs. Garfield Hall of Roslin Mrs. Ab. Howe Belleville and Mr. Ted Howe, Trenton, were Sunday visitors of Mrs. Sam Geddes, Mill St.

George and Hazel Lyons, attended a reception in Toronto in honour of Mrs. Catherine Anderson who is retiring after teaching for 28 years in Toronto. The reception was held at George Webster School Auditorium.

DRAW WINNER

Winner of the Legion 50-50 Draw on May 29th was Mrs. Al Churchill. Ticket was sold by Mrs. Anson Lord. Proceeds for the Rink Fund.

International Theme at Tea

On Saturday, June 5th at the Presbyterian Church the Explorers and COC (children of the Church) groups held their annual Tea and Sale. The Sunday School room was decorated with posters of different countries. The tea-table was centred with a bouquet of spring flowers and three small dolls dressed in the costume of the country from which they came. The bake

table, gift table, and small tea tables were also centred with a doll. The girls were dressed to correspond with the table at which they served. Mrs. Violet Barber of Kingston, brought most of the dolls from her daughter Kim's doll collection. She also looked after making the tea and filling the sandwich and cookie plates. Mrs. Kay Hand, Explorer leader greeted the guests at the door. Mrs. Beryl Herman poured tea. The young servers were Kathy Johnson, Mexico, Gloria White, Scotland, Reto Lira Foster

Sweden, Ellen Hartwick, Holland Debbie Hartwick, China, Lena Cherniack, The Ukraine and Stephanie Harrow, a former Explorer, were at the Gift Table. There were gifts from France England, Ireland, China and others, also hand-crafted the girls had made at their meetings.

Debbie Foster, assistant C.O.C. Leader, was in charge of the fish-pond, which was a busy place. The C.O.C. leader, Mrs. Charles Griffiths was unable to be there, so her sister, Mrs. Blake Moore took her place at the bake table. Donations and help given by members of the Ladies Aid and others were greatly appreciated. The Explorer group has only seven girls ages 9 to 11, but by all doing their part, helped make the tea a success.

Mrs. Daris Reid is a patient in the Lennox and Addington Hospital, Napanee.

Mr. & Mrs. Paul Sevcik of Kapuskasing, are spending a few days with Mrs. Sevcik's parents, Mr. & Mrs. Don MacMillan.

U.C.W.

The afternoon unit of the U.C.W. met at the home of Mrs. Merton Cummings, Mill St., June 1st, with twelve members present. The President Mrs. G. Stuart opened the meeting by thanking the hostess for opening her home. Members repeated the Theme prayer. Mrs. B. Sills read the scripture Psalm 8, followed by a prayer, led by President. Mrs. J. Piercy gave a reading of part of a ministers service from "Florida" which was enjoyed by all. Our topic for the afternoon was what we think of our youth today—Rock Festivals, etc. Ladies thought they had better things to do if they'd do them. Some of the ladies attended the Bazaar at Read and enjoyed it. The Treasurer's report was given by Mrs. B. Sills and minutes were read by secretary Mrs. Merton Cummings. Mrs. R. Hawley reported on the Presbyterial at Belleville. Business was discussed. The meeting was closed with the benediction and a doily luncheon was served.

U.C.W. met Tuesday evening at the church. Plans were made for a Strawberry social later in June. Mrs. Brooks Allen of Lansdale, showed slides and gave an interesting talk on their trip to Trinidad.

Mrs. Hazel Waddingham, Deseronto, was a Sunday visitor at the Mowers home.

The C.G.I.T. members with their leaders Miss Geraldine Mowers and Miss Gail Reid were weekend guests of St. Andrews by the Lake Reddenale CGIT and attended the Kingston Area, day camp, Silver Lake on Saturday.

Mrs. Ralph Hudgins & children, Mrs. Robt. Harvey & Mrs. Delbert Harvey were Wednesday after-noon callers of Mrs. Harold Gomers, Darland.

Mrs. M. Withers spent a few days last week in Toronto.

Neighbours and friends met at the home of Mr. & Mrs. C. J. Akey Monday evening to honour their daughter Bernice and husband Frank (Mr. & Mrs. Frank Thompson) on their 25th Wedding Anniversary. Quite a number joined in a game of cards while others had a visit with their neighbours after which Mrs. Delbert Harvey read a fitting address and a presentation was made from the community. The bride and groom graciously thanked all and everyone joined in a sing-song "For they are jolly good fellows" All departed to their homes wishing Bernice and Frank many more years of happiness.

Food For Thought

We have finally made the engine that can smash all engines, the power that can destroy all power. Security today, bought at the price of billions, means that we shall have fifteen minutes warning during which time we can also state today cannot provide security, but only revenge. There is not a person among us who has not himself imagined the destruction of all things by nuclear holocaust. Not since civilization began has man been so totally reduced to the status of temporary occupant of his home the earth. The dream of total security through total power has ended in the reality of—
—John H. Schaar

Shannonville A.C.W.

The President, H. Spencer opened the June meeting with Prayer. Minutes were read and approved by Velma Cook.

Doris Johnson gave a good report for the flower fund.

Much business was discussed including the tea which is to be held June 12.

Meeting was closed with Prayer and a delicious lunch was served by hostesses Pearl Stratton and Mrs. Emmaus

IN PLACE OF POISONS

continued from page 5 little impression—you need a dozen. Your local will provide a bucketful of beer from the contents of the drip-tray for nothing, and this is quite good enough for slugs. The object of the beer instead of the milk after recommended is to stop cats drinking it, and though hedgehogs may take it, modern beer diluted to half strength is not enough to intoxicate them. The sugar makes the traps collect codling, tartix and yellow underwing moths, which are responsible for the cutworm or surface caterpillars. The dead slugs are not poisonous to birds or anything else that may eat them.

Blackflies - food for fish

By J. R. Coleman.

It's a beautiful time of the year, the weather fine, lilacs in bloom, birds with young in the nest, which means that the martins are no longer littering the lawns with rejected nesting materials. Most of us have probably managed to knock our lawns into shape and are turning our full attention to bedding plants and vegetable gardens. The blackfly, however, are already turning their attention to our skins! Yet as we curse and scratch we might perhaps think a little of the rest of the blackfly's life cycle and of the valuable role that they play.

Their eggs are laid after a short adult life of only a few days, during which the flies mate. The female needs the protein in the drops of blood she so rudely takes, in order to produce her eggs. These are deposited on rocks, vegetation and logs in shallow, fast flowing water. In some species the eggs hatch immediately and the larvae live in the water until the next spring; other species lay eggs that do not hatch until winter is over, and the larvae grow quickly during the spring and summer months. Some blackfly may produce more than one brood a year.

If you were to pick up a stone from a suitable stream and examine it, you might find masses of these little, yellow grey or brown larvae attached to the upper side. They are cylindrical and fatter near the base, their rear end. They spin a cushion of silky saliva to sit on, and hold onto it by means of a flat disc covered with small hooks, anything from fifty to a hundred and fifty of them. The combina-

tion of the silk cushion and the hooks keeps them fastened to the rocks. They are usually an eighth to a quarter of an inch long, and because they are so small they are really living in an area where there is very little current. They poke their heads out of this protective layer from time to time to feed. They do this by using two fans on their heads, each with thirty to sixty curved rays. The fans act like sails and strain small particles out of the water which the larvae eat.

Each time their skins become too tight for their ever increasingly fat little bodies, they shed the whole thing. Underneath the old skin is a new one, which is a better fit. At the end of their stay in the water they spin a silk cocoon. Like many other insects they pupate, and within the pupa the whole body disintegrates and is reformed into the adult insect. The fat little grub-like small animal turns into a fully functional fly. At times the stones and logs may be covered with clusters of the oval pupal cases, which are yellow or reddish brown in colour. This stage lasts for only two to eight days.

Finally the pupa breaks out free from the case and swims rapidly to the surface where the pupal skin splits down the back. The blackfly would now be recognisable, except that its wings are still shrivelled and folded into small lungs. They are pumped into shape by the pressure of body fluids, and dry rapidly. Now they are on their way to discover a nice, warm animal, kind enough to allow itself to be bitten and to supply a free drop of blood or two. Unlike the mosquitoes, which

pierce the skin with their own hypodermic needle, the blackfly's technique is much cruder. It simply chews a lump out of the skin and waits for the blood to flow. Chemicals in its saliva ensure that the hole doesn't heal before enough blood is split. This anti-coagulant is the stuff that leaves the dreadful itch.

Anybody who has lived in the northern bush will produce the most wonderful string of oaths simply at the drop of a single ward - blackfly. Even the less infested southerners may be a little impatient. However, when we think of trout, or of the salmon that may one day set the tips of our fishing poles quivering, our hearts beating a little faster, then we should be grateful to the small black menace. At times the blackfly is the most important part of the diet of young salmon and trout. They eat them in all stages of development, but become specially frenzied when the adults are emerging or laying their eggs.

When next you curse and scratch and slap, think of the uses they have; as you put the useful of succulent Atlantic salmon to your lips, think of the converted blackfly you are eating.

BANTAMS BOUNCE BACK

Our Centennials "71" came from behind to defeat Barriage Landscaping from Belleville by a 5-2 count. This game was to be played in Belleville but due to a wet field they asked to play it in Deseronto. This gave our team first at bat and going into the top of the seventh inning we were down 2-1 in count. Then a walk to Dave Jackson, and three consecutive hits by Al Claus, Steve Heffernan and Karl Wager gave us all we needed to go on and win. A couple good catches by Garret Brant at second and Kevin L Lawlor in right field helped close out the inning and game. Steve Heffernan pitched another good game and has two straight victories in Belleville House League. Whenever these boys get behind they seem to play their best ball and really decided the victory.

--George Barker

BANTAM SCOREBOARD

Our Centennials "71" played back to back games with Whitby last Saturday and Sunday losing both by scores of 25-3 and 17-2. Like Peterborough this is a Major A club and have a great number of boys to choose from. Since these teams are Major A the outcome means absolutely nothing as we are Bantam C and

the only team we must beat is Frankford in the E. O. B. A. All the times we play the bigger teams we're gaining much experience and I know we'll put up a good game come play-off time. We would also like to thank the parents who show up and give their support plus the use of their cars for road trips.

Centennials "71" travelled to Foxboro Monday night to play Thurlow Merchants of the Belleville House League. In this league our Bantams are undefeated as they won again by 8-6. This gives them 3 straight wins. Our boys are beginning to settle down and took a commanding lead of 8-0 and had no trouble winning. Steve Heffernan pitched his usual great game and never had any trouble until the fifth and sixth when Thurlow scored all their runs. Next home game is June 15th against the Reserve

Shannonville

SALES

Area residents will be interested to hear that an auction barn (formerly the Orange Hall) will be opened at Shannonville on Wednesday June 9th, under the management of Belleville Furniture and Auction Barn. Auction sales will be held here at intervals and furniture and equipment will be sold on a consignment basis.

2 p.m. Plaque unveiling

Indian dancing by group of children trained by Mrs. Earl Hill.

3 p.m. - Rock music by Sweet River Street Band

4:30 p.m. - Second Ski Show

8 p.m. - Centennial Fashion Show admission - 50¢

Sunday, June 20th
Religious service at the church of your choice.

Basket lunch (bring your own) in Centennial Park.

CKWS coverage (video tapes) has been assured for the events of the week-end.

Deseronto and the Rathbuns

IN THE BEGINNING

The town of Deseronto owes its name to a determined and hard-working Mohawk leader - Captain John Deseronto, who along with Isaac and Aaron Hill and others made the first Mohawk settlement in Canada.

Before the American Revolutionary War, there were three Mohawk settlements on the Mohawk River what is now in New York State. Captain John's group, at Fort Hunter in the Mohawk Valley, remained an independent group, even though allied with the others in their loyalty to the British Crown. After the war, when the Mohawks were dispossessed of their territories, they came, in 1775, led by Deseronto,

Joseph Brant and Col. Guy Johnson, to Lachine where all three groups remained for a short while. Even after the other two moved on to Niagara, Captain John's group remained at Lachine.

The Mohawks first explored the Cataract area, and subsequently the Grand River area. While Captain John preferred the first, and it was agreed that all three groups would settle here, the other two leaders were subsequently persuaded by Gov. Haldimand to accept the Grand River territory.

Even after repeated urgings by Haldimand, Capt. Deseronto was determined in his decision to settle at Cataract (the present Tyendinag Reserve), which he did, before Brant and Johnson took their parties from

Niagara to the Grand River.

DESERONTO REMAINS ADAMANT:

Deseronto told Colonel Claus, who along with Haldimand, was urging him to join the others - "I was not fond of going to the Grand River, owing to their being so near the Americans, and I told him I thought I could not live in peace so near those people and made choice of this place as being at a greater distance from them. The Americans are like a worm that cuts off the corn as soon as it appears."

Captain John was most generous with the Mississaugas who were using this territory.

(Continued on Page 3)

PLAQUE UNVEILING

Mr. Stan Marek of the Arlington Hotel will entertain the official party at a reception following the plaque unveiling in Centennial Park on Saturday afternoon.

Special guests include Dr. E. S. Rogers, curator of the Royal Ontario Museum, who will be guest speaker at the ceremony, Mr. Robertson of the Historic Sites Branch, Mr. Clarke Rollins, MPP Mr. Lee Grills, MP, Father Snoer Master of Ceremonies, Mayor Sharpe, Reeve Lyons, Warden Smith, The Rev. William Hendry, who will make the dedication, Dorothy McCullough who will give the historical background, Mrs. Rathbun and Mrs. Margaret Ford.

Fashion Show

For an evening of fun, and a glimpse into the past, don't miss the fashion Show to be held at Deseronto Public School on Saturday evening at 8 p.m. Dorothy McCullough reported on Monday that a range of fashions, including two early wedding outfits, Indian fashions, and possibly even hot pants, will be modelled by local citizens. If anyone is interested in participating, please contact Mrs. McCullough (Phone 396-3270) before Thursday evening. Dress rehearsal will be held at the school Thursday evening at 7:30 p.m.

Flowers donated

Deseronto's two queens -- Gail Fraser, Carnival Queen, and Terri Lee Browning, Centennial Queen will be provided with bouquets for the celebrations, compliments of Metcalfe Foods and Ideal Vendors. Canada Optical will provide a floral arrangement for the tea table at the Centennial Tea on Friday afternoon.

Grass is greener

Deseronto police report that marijuana has been found, growing wild, near the greenhouses belonging to Metcalfe Foods. Steps will be taken to eradicate it.

letters to the editor

To the Citizens of Deseronto
May we extend our congratulations to you in your Centennial Year.

We were hoping to be a part of the festivities on the night of June 18. However due to circumstances beyond our control two of our cast will not be able to be present—we will not be able to perform on the date. ♀ Since we are only a small company and have no understudies we have informed Mrs. McCullough that we will not be able to participate.

But we join you in spirit and hope that all the other planned events go well.

Yours sincerely,

C. R. Rolston,
Quinte Island Theatre,
Box 199 Picton, Ontario

Dear Friend:

You have probably been hearing a great deal about pollution lately. It is hard to find a newspaper in which there are not several articles which are related to the problem of pollution in some way. For those of us who live, work or find recreation in our Land O'Lakes these problems seem remote. But they are not.

Our lakes and streams are deteriorating. During the past decade, numerous new cottage and park areas have been opened up. Improved highways have enabled more people to penetrate deeper into our woodlands. Each of us, whether long time resident part-time cottager or transient sportsman is making increased demands upon our north country. And because of the rather precarious balance of nature, each of us must use great caution in the way we treat the countryside. And each of us must accept the responsibility for damage to the land and the water.

You may say, "What can I do—I'm only here weekends and therefore it's not my responsibility or you may say, "I've been here for as long as I can remember—let the cottagers clean up the mess, they're making it." Or you may in some other way try to shift the responsibility. But we all want our children, and our children's children to be able to live and play in this land. So regardless of who is to blame, we all must strive to keep the land usable, for what-ever purpose.

How can we do this? A group of us at Mazinaw Lake, called the "Mazinaw Property Owners' Association" have tried to come to grips with the problem

Over the past eight months we have met with government officials at various levels, and have consulted with the Departments of Health and with the Ontario Water Resources Commission. We believe we can protect our lakes and streams by acting now. We believe our biggest pollution problem is the flow of untreated sewage into the lakes and streams. We furthermore believe that this can be virtually eliminated.

ARE YOU PREPARED TO FACE THE ALTERNATIVE—that of destroying our lakes and streams and rendering them upon sewers? The choice is clear. We hope you will give us your support.

There is an opportunity to learn more. An open meeting (for everyone) which aims to be as informative as possible will be held on July 3 at 2:00 p.m. in the North Addington Education Centre, at Clayo, Ontario. The meeting will be attended by representatives from the Ontario Water Resources Commission and the other government agencies as well as a number of other people well informed in this subject. Please make it a point to come to this meeting, to participate and to learn. The problem at hand affects all of us and deserves our earnest concern. The meeting is sponsored by the Mazinaw Property Owners' Association, and is receiving the cooperation of a number of government agencies as well as the news media.

Yours very truly,
James C. Smart,
Chairman, Executive Committee
Mazinaw Property Owners' Assoc.

Deseronto

and also extended warm friendship to the other United Empire Loyalists who subsequently settled here. Captain Deseronto said to the Mississaugas, "I told them the King's people were also coming to inhabit this country which the Mississaugas had sold to the Crown."

We told them also that the people who were coming to settle among us were bringing cattle and other stock and we hoped they would not disturb them or do them any damage. I also added, "we shall be great friends and I hope you will not forget what I say."

(Quotations are from letters in the Federal Archives and are reprinted from a paper by Eleanor Herrington, entitled Captain John Deseronto and the Mohawk Settlement.) This was published in 1921 and is in the Deseronto Public Library.

In 1788, as a reward for services rendered, Deseronto

Into Our Second 100 years

a new day begins, and on the horizon we behold the prospects of a brighter, better future. There are challenges ahead, problems to meet and conquer, difficulties to overcome . . . yet there is also the bright promise that, with the efforts of all, we shall achieve a community, and a world, richer in progress and prosperity, inspired by the even greater assets of kindness and friendliness. Together, we shall realize the great potential that the decade ahead holds for us.

Mayor J. Sharpe and Councillors of

The Corporation of the Town of Deseronto

The Founder - H. B. Rathbun

His son - E. W. Rathbun

was granted Forester's Island, which for years was known as Captain John's Island.

The actual land grant from the Crown, through Governor John Graves Simcoe was not dated until April 1st, 1793. The land was granted the Mohawk band with certain restrictions as appears from the following dispatch from the Colonial office, dated March 10, 1797:

"Although it belongs to them, solely and exclusively, they are positively restricted from alienating or disposing of it, to any other persons whatever." We shall observe later that they were persuaded, perhaps forced by the timber speculators to disregard these restrictions.

CULBERTSON'S WHARF

In 1835, John Culbertson, whose mother was a daughter of John Deseronto, applied to the chiefs of that day for a grant of land on account of the services of his grandfather. After some time, the grant of 800 acres off the east end of the Tyendinago Reserve was made, and a landing was built by Culbertson, known as Culbertson's Wharf. About 1837, Culbertson conceived the idea of a village about his residence and had a small plot surveyed for that purpose, giving it the name of Deseronto, after his grandfather.

In July, 1848, the point near the centre of the waterfront of the present town was sold to the company which became the Rathbun Co., and for many years the community was known as Mill Point (incorporated 1871).

At this time, 460 acres from the Township of Tyendinago was included in the incorporated limits (population 864).

On January 7th, 1889, the community which had grown to a size of 3,200 was re-incorporated as the Town of Deseronto.

INDUSTRIAL GROWTH

Early in the 1850's, the village of Mill Point began a period of rapid expansion. During the second half of the last century, the industrial

growth was phenomenal, almost unbelievable to-day. The Rathbun family, with their aggressiveness, sound financial judgement and imagination for enterprise, soon turned Deseronto into a vast network of industry, but all based upon the timber interests. What the Carnegies and the Rockefellers were in New York, the Rathbuns were in Deseronto.

And life was not a bowl of cherries for everyone. It was the age of exploitation for profit. The Indians were exploited, they were forcefully persuaded for little return to sell timber cutting rights on their land. The working classes were exploited - they worked long hours for a pittance.

The Rathbun Company, established in 1848, by Thomas Y. Howe, L. E. Carpenter and H. B. Rathbun, began first as a small saw and grist mill and a store. In 1890, there were two saw mills, a sash, door and blind factory, a flour mill, railway car works, boiler and repair shops, blacksmith shops, shipbuilding yards, gas and chemical works, railway yards, a printing and publishing house (The Tribune) a general store, and cement works (Portland Cement) which was made from a formula obtained in Germany.)

At this point the Rathbuns employed 5,000 people, and Deseronto was a swinging place.

In addition, the Rathbun interests owned the North American Telegraph Company (incorporated 1866), which served a large number of exchanges in Eastern Ontario from Pakenham to Peterboro.

In Madoc, as early as 1891, the company provided service. All of this was based on the vast timber cutting area, bordering on the Trent, Maita, Salmon and Napanee rivers, and stretching as far north as Maynooth. Finished products were shipped to all parts of the world, and sales agencies were established in major European cities.

Cont'd on page 4)

(Cont'd from page 3)

THE FOUNDERS

In 1855, the company became a family corporation, when H. B. Rathbun bought out his partners. In 1864, his eldest son, E. W. Rathbun joined his father in the business and after a number of years he became President and General Manager.

In 1880, Mr. F. S. Rathbun, a younger brother of E. W.'s, was admitted into the firm, which in 1883, was incorporated. In this year, it was entered in Dunn and Broad street under the name of the Rathbun Company Limited, with a registered capital of two million dollars. From this point the company expanded once more by purchasing additional acreage from the Mohawks west of Mill Street.

INTERESTS IN TRANSPORTATION

At about the same time (in 1881), the "Bay of Quinte Railway and Navigation Company" was incorporated for the purposes of constructing a railway from Mill Point, Hastings County to the Grand Trunk Railway, the present CNR main line. The company was authorized to acquire vessels, docks, and so forth. The line was opened on November 2nd, 1893 and was 4.17 miles long. Meanwhile the line from Deseronto to Deseronto Junction had been quietly opened in 1880, 3.76 miles.

Amalgamation of the two companies became effective in 1897 to become the Bay of Quinte Railways Company. The Rathbun Company and E. Walter Rathbun were listed as the owners of the company when it was sold to Mackenzie Mann & Co. for \$500,000 in 1910, at a loss of \$800,000. (The above information was taken from an article by James Plover in The Quinte Scanner April 14th, 1971) The railway which was built primarily for hauling logs from the northern timber areas, also offered passenger service connecting with the Toronto-Ottawa main line.

In the field of navigation, the company managed a fleet of ships. For towing log booms, they owned and operated the Rescue and Munson. They managed the lake freighters Resolute and Reliance and the passenger and freight ships Gipsy, Rocket, Varuna, America, Elle Ras, Deseronto, Quinte and Armenia.

TOWN IN FLAMES

The great fire of 1896, dealt the company a serious blow, as well as destroying many homes owned by private individuals. On May 26th, many of the townfolk were away for the day on a railway excursion to Kingston, when fire broke out on the docks

where timber was stacked. Fire brigades from Belleville, Napanee and Kingston were called to assist, but by the time they arrived on the scene much of the town east of 4th Street had burned to the ground, as well as a large part of the Rathbun Company, including the Deseronto Flour Mill (Crown Jewel Flour), the Bran House, the Grain Elevator, the Coal Sheds, the Trestle Docks, the Chemical Works and much timber. The total loss was estimated at \$250,000 of which the Rathbun Company share was \$150,000.

Much rebuilding was done, and in 1899 the Rathbuns purchased the Cayland Iron Company to establish a foundry here. The smelting works were situated at the west end of town, south of Main Street, on the shore, and the railway line was extended to the works. The one dock was an extensive structure equipped with three hoists for lifting the ore from the holds of vessels, and trestle and trolleyway for carrying the ore to the piling ground adjoining the furnace. The works covered four acres and produced twelve thousand tons of pig-iron a year.

THE RATHBUN FAMILY

The father, H. B. Rathbun, died in 1886 at the age of 74. He and his sons, E. W. Rathbun and F. S. Rathbun contributed much during their lives to the prosperity of the town and of the province.

They not only assisted financially in the building of both the public school (1880) and the high school (1890), but financed solely the building of the Church of the Redeemer (Presbyterian) in 1881.

F. S. Rathbun, who died November 26th, 1898, had held offices in the Bay of Quinte Railway, the Oshawa Electric Railway, the North American Telegraph Co., the Thousand Islands Electric Railway, the Muskoka Slide and Boating Co. He was Treasurer of the town of Deseronto, President of the Board of Deseronto's first free Public Library, and the last President of the Mechanical Institute. He was also Captain of the Deseronto Canoe and Boat Club and on the Board of Governors of the Church of the Redeemer.

E. W. Rathbun, who was born and educated in New York State, became President and General Manager of the company at the age of 41. In 1887, he was appointed a Royal Commissioner to examine and report upon the Forests of Canada. He was one of the founders of the School of Mining and its Governor; and a trustee of Queen's University.

His last public appearance, just before his death on Nov.

24th, 1903, was as a speaker at the opening of the New Arts Building at the University. He also had the distinction of being the first mayor of Deseronto.

After his father's death in 1903, Walter Rathbun became President and General Manager of the Company. He went overseas at the outbreak of World War I, and eventually became Colonel. He remained in Europe after the war.

Deseronto was the Rathbuns' town. Without them it would not have become the thriving industrial town that it did. After the death of the Rathbuns and the sale of their enterprises it declined, but other factors were also responsible - the changing economy and transportation, the disappearance of the timber, and finally the depression. The determination of the community to keep the community alive echoes the determination of the Mohawk leader, who first brought his people here.

Steamer Ella Ross

by Willis Metcalfe

STEAMER ELLA ROSS

Captain D. B. Christie, was master of the paddle-wheel steamer "Ella Ross" which sedately ploughed the Bay of Quinte, daily for many years and finally went to a marine grave in Georgian Bay. The ELLA ROSS

was one of the "old reliables" of the fleet of bay boats at the turn of the century, and a most comfortable craft on which to take a day's outing. The docks were wide, well sheltered, and when the need arose by reason of rain storm, there was a fairly spacious cabin which the passengers might

adjourn.

The ELLA ROSS tooted out of Picton every morning of the navigation season plugging away from the old Rathbun wharf on the dot of 6 a.m.

It was a four hour trip from Picton to Belleville. Then the ship would steadfastly plod on to

ELLA ROSS at the Rednersville Dock

Trenton which was the western terminus of its day's run. She'd be back again in the shelter of the Picton harbour by 9 p.m.

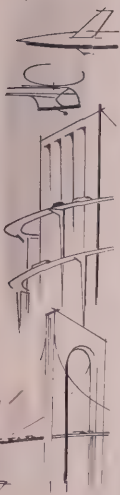

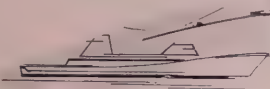

Str. ELLA ROSS used to also be on the Picton-Napanee run. Leaving Napanee 6 a.m.;

Deseronto 7 a.m.; arrive Picton 8:30 a.m.; leaving Picton 3 p.m.; leaving Deseronto 5 p.m.; arriving Napanee 6 p.m.

She was built in Montreal in 1876 for the Rathbun Co. or Deseronto Navigation Co. Ltd.

LOOKING INTO OUR NEXT 100 YEARS

Working in, and with, the Community of Deseronto we at Canada Optical are pleased to pass on these Our Very Best Wishes for the Centennial Celebration and we look forward to many years of prosperity together

This whimsical building, which stands behind the grey frame house owned by Mr. and Mrs. Ross Sesemith or Dundas St., Deseronto, was originally a bowling alley. It was built by H. B. Rathbun, as was the house, and the two were connected by green houses. E. W. Rathbun and his family lived there after his father's death.

One lone gas lamp stands in front of the Dominion Match Company later the Eddy Match Company. The site is now occupied by Ideal Venders.

Everyone is Welcome to Tour Our Plant at 10:00 a.m.

Friday, June 18th, with Compliments of the Management & Staff of

CANADA  OPTICAL COMPANY

(Cont'd from page 4)

Now in the 1970's, Deseronto again has a great future ahead of it. Because it is situated on water and lies half way between Toronto and Montreal, it offers prime facilities to those who are searching for a way of life beyond the congested major cities of our country. (Much of this information was taken from a booklet published by the Hastings County Historical Society, entitled Deseronto and the Rathbun Family by T. Dane Martin)

MECHANICS' INSTITUTE

A branch of the Mechanics' Institute was organized in Deseronto on October 27th. The first President was John Newton, M.D., Reeve of Deseronto. The last President, in 1895, was F. S. Rathbun.

 Main St. DESERONTO

The Steamer Deseronto, (a Rathbun vessel), leaving Picton harbour.

Above photo shows the Bay of Quinte Railway Station at the foot of Mill Street in Deseronto. The railway tracks were laid to the end of the wharf, so that goods could be loaded and unloaded directly from railway cars to ships. Travellers found it handy, too, as they could step from one mode of conveyance to another. (Photo loaned by Donald Gault).

LADIES AID

On Friday evening June 11th the Ladies Aid, of the Presbyterian Church of the Redeemer held their closing Pot Luck supper in the Sunday School room. This year they invited the whole congregation. Mrs. Albert Walker said a few words of welcome. After a delicious supper everyone joined in the singing of old time songs. Games were played and enjoyed by young and old. Mrs. Jean Griffiths presented Mrs. Don MacMillan with a lovely bible given by the Ladies Aid, an appreciation for her letting them make the Easter eggs at her home. Mrs. Blake Moore sang a solo called "He'll Understand". Rev. Robert Jones then presented Mrs. C. F. Dimmell with a bible from the congregation, for the many years of service she has given for the church, as former treasurer, a lovely bouquet of flowers in the acts of kindness. Clifford Maracle thanked the Ladies for inviting everyone, and to show apprecia-

tion asked for a special offering for them. Mrs. Walker thanked him, on behalf of the group. Everyone enjoyed the evening and all agreed we should get together for an evening of fun and fellowship more often.

FULLER: "MORE LEONARDO-TYPE MEN"

"We have so many specialized abilities we can blow ourselves

to pieces, but we have no ability to co-ordinate ourselves," I see our society as very powerfully conditioned by its reflexes, with very tight ways of functioning. And that is dangerous—so dangerous that if man does not stop thinking locally and make the grade as a world man we may not be able to continue on this planet."

"With youth and the truth and love—and your integrity—we may make it."

—Buckminster Fuller

Mrs. Palmer's Receipts

Emerald Diseases, Commonly Called Piles. Use a small Candle rolled in the Golden Ointment: insert up the anus all night: wear this a few nights, and you will be well. Lubricate externally. Drink Fire Weed Tea or take 12 drops Fire Weed Oil daily for two or three days, and you will be well.

BLACK SALVE FOR WEAKE BACK

3/4 lb. Red Lead: 1 quart Lined Oil: 1 pint Sweet Oil. Boil these till black and thick. Try it by dropping a drop in cold water—it it remain hard, it is done; if it spreads, still boil it. Spread it on wash leather. Apply to the parts. Wear it till it falls off; it will not irritate but strengthen: any enlargements or swelling it will reduce and strengthen. This for Chronic Rheumatism, put on leather round the parts is excellent.

WINDY SPASMS

1 oz. Camphor put in 1 pint Rum. Take 1 table spoon full every 10 minutes till relieved.

TONIC FOR THE LIVER

Double handful of Hoarhound the same of new Wheat Bran; boil in 2 gallons rain water—down to one: strain clear: sweeten to your taste. When blood-warm; toast bread, cover it with Brewer's Yeast and Drop in the centre. Cover warm and let it work all night. Bottle in jug. DOSE—Half a tumbler full twice a day till better.

LABOR

To bring on tardy pain quickly get peony Root; dry it; pulverize fine. Put a teaspoonful in a pint basin, and pour over slowly a pint of boiling water. Take half a tablespoonful every 10 minutes. When the woman perceives the pains are quick enough, disist taking any more.

QUINTE SALAD

This is a thoroughly modern salad despite the name Quinte, which implies United Empire Loyalists, antiques and historical sites.

In a large bowl combine 2 cups diced cooked chicken 3/4 cup diced cooked ham 3/4 cup Swiss-style cheese, diced or in strips

2 hard-cooked eggs, chopped 1 cup finely diced celery 3 tablespoons thinly sliced green onion

1 tablespoon chopped green pepper 1 tablespoon chopped pimiento Blend together

2/3 cup mayonnaise 1/4 teaspoon poultry seasoning 1/4 teaspoon dry mustard 1 tablespoon lemon juice or vinegar

Pour over meats and vegetables. Toss gently and season to taste. Refrigerate until needed.

To serve toss with about 3 cups crisp shredded lettuce Add more mayonnaise is necessary. Serve in a lettuce-lined bowl and garnish with tomato wedges and radish roses.

Makes 4-6 servings.

Oronhyatekha - humanist and chief

"In the work he did for society, in the organization he created, he helped forward the forces that make for human well-being. In his so doing there was the manifestation of power, of the power of a personality that can inspire action. There have been men who could organize as well as he; there have been men who have possessed as great resourcefulness as

he; there have been men who have held an altruistic faith as strong as his - but there have been few men who combined these things with the power to enthuse other men with their creed. His personality became an inspiration to those about him, encouraging them to activity."

(The Rev. William J. McCaughan)

Thus spoke those who knew him well, after his death on the 3rd of March, 1907. For twenty-six years he had been Supreme Chief Ranger of the Independent Order of Foresters (July 1st, 1881 to March 3rd, 1907) and had gained world-wide recognition as a man of exceptional abilities.

His association with Des-
(continued on page 13)

A view of North Railway House

Several communities could have used this plow last winter. Constructed sometime in the 1900's by the Rathbun Car Shop in Deseronto for the Great Northern Railway, it is fun to imagine its adventures.

Standing is William Graham, Deseronto. In the background is a car for the Oshawa Electric Railway Company under construction.

ROYAL CANADIAN LEGION

BRANCH 280

Members of Branch 280 and their Ladies Auxiliary wish to offer their congratulations to the town of Deseronto on the event of their Centennial Celebrations.

On Thursday the 17th of June at 7 p.m. Legion Members will be taking part in the parade and colours will also be carried by comrades from several branches in the area. again congratulation.'

Keith Brooks

President Branch 280

Deseronto

Robert J. Sherman, son of Mr. and Mrs. Mervin Sherman, has received his Bachelor of Arts degree from Queen's University Kingston.

Little Bobby Barker whose eye was seriously injured two weeks ago when hit with a stone, is recovering well from the accident. After receiving treatment at Kingston General Hospital, which included having both eyes bandaged for four days it is now happy to be able to use both eyes again.

Quinte Old Timers were guests of Napanee Sr. Citizens on June 2 at their regular meeting in Memorial Hall. Twenty members went by chartered bus and all reported a very enjoyable afternoon playing games, singing and visiting. A delicious lunch and tea were served at the close of the meeting.

Centennial Committee chairman Mrs. Dorothy McCullough, has urged local citizens with cars to provide transportation to special Centennial events for senior citizens who might otherwise not be able to attend.

SHANNONVILLE

Local man
was glass-cutter

At age 14, Alex Laverture, who was living in Deseronto, quit school and went to work to help support the family. Although his father, Joseph Laverture, was a skillful as a brass moulder, watch-maker and locksmith, he was hard-pressed, as an employee of the Rathbun Company, to earn enough wages to support his family.

Alex began working for the Rathbun Co. at 40¢ a day carrying letters and messages, then at the machine factory which closed down at age 16, when timber became scarce.

That year, the Clapperton Glass factory commenced operation in Deseronto in the old Sash and Window factory. At this time Clapperton had operated a factory in Toronto for some time. Four years later, the Clappertons moved their operations to Rathbun's abandoned brick office building, which later became the Dravo building. Finally, the company established itself (about 1925) in the old Broom and Handle factory which building they purchased from Dominion Hardware.

Alex Laverture worked for Clappertons for 15 years, becoming their chief glass cutter. Fine crystal was imported from England which was then cut by Laverture in a variety of patterns. A cheaper line was also produced by the company. Using a variety of clear and coloured glass, patterns were etched with acid by the girls who worked there. In all Clappertons employed 17 girls and 7 men. In 1931, Alex Laverture worked for \$17 a week.

Ernie Lyons, a Deseronto man, managed the plant for Walter and Harold Clapperton, who had closed down their Toronto plant in the hopes of expanding the Deseronto operation.

But fate was unkind. In 1931 an explosion wrecked the glass factory and all was destroyed. The Clappertons again commenced operations in Toronto, and later sold to another company which we believe is still in operation at 23 River Street. Some of the fine examples of Alex Laverture's craft are still to be seen in the area.

CONSOLIDATED BALANCE SHEET
as at December 31, 1970
assets

* TOWN OF DESERONTO

	1970 \$	1969 \$
Cash	21,917.	26,356.
Accounts receivable	4,361.	4,637.
Taxes receivable	34,044.	42,756.
Other current assets		
Total current assets	60,322.	73,749.
Capital outlay to be recovered in future years	70,500.	73,000.
Other long term assets		
Total assets	130,822.	146,749.

liabilities

Temporary loans		
Accounts payable and accrued liabilities	5,090.	9,671.
Other current liabilities	1,466.	1,670.
Total current liabilities	6,556.	11,341.
Net long term liabilities	70,500.	73,000.
Reserves and reserve funds	52,407.	52,407.
Unappropriated balances	1,359.	10,001.
Total liabilities	130,822.	146,749.

The accompanying notes are an integral part of this financial statement.

CHARGES FOR NET LONG TERM LIABILITIES:

Total Charges for the year for Net Long Term Liabilities were as follows:

Principal Payments	\$ 2,500.
Interest	5,925.
Total	\$ 8,425.

Of the total Charges shown above, an amount of \$1,150., was paid from the General Revenues of the Municipality, and is included in expenditure, classified under "Protection to Persons and Property - Fire", and an amount of \$7,275., was recovered from the Municipal Enterprise (Water Supply System), for which the related Net Long Term Liability was incurred.

BASIS OF CONSOLIDATION:

The Consolidated Balance Sheet reflects the assets and liabilities of the Revenue Fund and the Capital Fund of the Municipality. Trust Fund assets administered by the Municipality, amounting to \$24,054., have not been consolidated, nor have the assets and liabilities of any local boards of the Municipality.

NET LONG TERM LIABILITIES:-

Total Long Term Liabilities incurred by the Municipality and outstanding at the end of the year amount to 382,500.

Of the Long Term Liabilities shown above, the responsibility for payment of principal and interest charges has been assumed by others for a principal amount of (312,000.)

Net Long Term Liabilities at the end of the year \$ 70,500.

CAPITAL OUTLAY TO BE RECOVERED IN FUTURE YEARS:

Some Capital Outlay does not represent a burden on General Municipal Revenues, as it is to be recovered in future years from other sources:

Municipal Enterprises \$ 68,500.

CONTRACTUAL OBLIGATIONS:

Under date of February 3, 1969, the Corporation passed by-law Number 1616, whereby it entered into an agreement with Ontario Water Resources Commission, for the provision of Sewage Service to the Corporation of the Town of Deseronto. Under the terms of this agreement, Ontario Water Resources Commission agreed to supply sewage service to the Municipality and the Municipality agreed to pay Ontario Water Resources Commission for this service as follows:-

(a) A gallonage charge of \$1.08 per 1,000 Imperial Gallons to be adjusted by 1c per 1,000 Imperial Gallons for each variation of \$8,255., between the cost of provision of the initial components of the sewage works and the estimated cost of \$1,210,305.

(b) Plus all sums imposed as "frontage" for "connection" charges.

As of the date of presentation of this Report, the project for the installation of this sewage system is nearing completion and when it has been completed, the actual cost figures will be available to calculate the actual charge to the Municipality by Ontario Water Resources Commission for the supplying of sewage services to the Municipality.

Legion will hold special ceremony

A special mortgage burning ceremony will be held on Friday evening, June 25th, by members of Branch 280, Deseronto Legion, in the Legion Hall.

Among the invited guests will be the Provincial officer from Ontario Command, Toronto, as well as zone officers from areas F and G (including Belleville,

Napanee, Picton and Kingston.)

All regular members of the Deseronto branch are asked to attend, along with their wives, and also Ladies Auxiliary members and club members. Husbands and wives are also invited.

The ceremony, which will begin at 8 p.m. will feature a guest piper from Napanee who

will pipe in the colours. A dinner will follow the ceremony. This is expected to be a memorable and gala evening.

... and chief (continued from page 9) eranto was very close. Not only is he buried here (at "The Pines" on the Tyndinago Reserve) but he married Ellen Hill, daughter of J. W. Hill; Ellen Hill was an aunt of Melville Hill's mother. Through his wife's family, Forester's Island, just one mile

from the Deseronto shore, was acquired by Oranhyatekha. — From then on, until his death, it was the setting for many colourful gatherings which included many Deseronto people as well as visitors from afar.

Independent Order of Foresters

The history of the Independent Order of Foresters is an interesting one, and has a connection with the romantic figure of Robin Hood and his Sherwood Foresters. During Cromwell's tenure in England, the poor were still much oppressed, and help was virtually forbidden by the law societies. Because of the need, secret

fraternal orders began to come into being, (among them the Ancient Order of Foresters) just as in earlier days, Robin Hood and his merry men were outlaws to help the poor. Beginning on this theme, the Ancient Order of Foresters came into being, first in England, then in the United States. The first record of the organization is January 1st, 1845, but undoubtedly, organizations had existed secretly long before this.

Independent Forestry had its origin in Newark, N.J., on June 17th, 1874. Oranhyatekha was a close personal friend of its founder, Col. A. B. Caldwell, whose aim was to codify the Ancient Order of Foresters, of which they were both members, to harmonize more fully with American ideas and institutions.

On September, 1878, Oranhyatekha was elected Right Worthy High Chief Ranger of the recently formed Right Worthy High Court of Ontario, holding the office for one year. Within two months after his retirement from office, his successor and a considerable number of members seceded to organize the Canadian Order of Foresters, and in October, 1879, he was again called to the head of the Order in Ontario, which position he held until 1882.

On June 30th, 1881, the Independent Order of Foresters was reorganized at Ottawa with a membership of 369 and Oranhyatekha as Supreme Chief Ranger, to which position he was with unanimity and enthusiasm re-elected at every succeeding meeting of the Supreme Court. At the time of his death he was in his twenty-sixth year as Supreme Chief, the little band of 369 having grown to a mighty host of over 248,000.

1894 will always be a notable year in the history of the I.O.F. It was in that year that the Accumulated Funds reached and passed The Million Dollar mark. The event was celebrated with much enthusiasm in the month of August, at Forester's Island Park, the Island Home of the Chief and his family, which he had acquired a couple of years previously. The Island was at one time the property of Mrs. Oranhyatekha's grandfather. On June 17th, 1895, the Order "came of age," and the auspicious date was commemorated with a two days' joyous celebration at Foresters' Island Park. Thousands of Foresters were present from the United States and Canada, to felicitate Oranhyatekha on the phenomenal growth and prosperity of the Order.

The Orphanage

In recent years the Chief's pet scheme was the founding and equipping of a Home for the orphans of departed Foresters

and at a gathering of Foresters at Foresters' Island Park in July, 1903, the project was publicly announced, and before the close of the month, the work of erection was commenced. For the purposes of the Home, Oranhyatekha donated the site on Foresters' Island on which it stands. The corner stone was laid and Home dedicated the 27th of August, 1904. It was inaugurated August 6th, 1905 and the first orphan arrived under the superintendency of Bro. J. C. Morgan, M.A., it was in full operation on the 30th of March. Again and again Oranhyatekha has been heard to declare that of all those things he attempted he would choose to be remembered for his efforts for the care and wise upbringing of the fatherless and homeless.

It seems sad that after so much thought, effort, and money had been expended on this project, the Home was in operation for only two years. It was closed after his death, having accumulated a debt of \$22,000. The orphans were moved to a home in Oakville, which was less costly to maintain. Soon after this, the orphanage was torn down, and the electrical plant sold to the city of Galt.

The orphanage, a four storey building, was 150 feet in length by 50 feet in width. The walls of concrete, were covered within and without by ornamental metallic sheeting. It had five towers, the centre one, 80 feet high. The two verandas were supported by Corinthian columns which extended across the main range of the building at second and third storey levels.

Situated on the island, as well as Oranhyatekha's huge "castle" which was lavishly furnished in the height of Victorian fashion. At one of the annual events at the island, he announced that he would transfer Sherwood Forest Castle to the Order as a home for the aged staff members of the Order.

His Early Years

The busy, distinguished career that ended so peacefully at Savannah, began on the 10th of August, 1841. Amidst the simple environment of the Indian Reservation near Brantford the young Mohawk spent his childhood and early youth. The foundation of his wide intellectual and manual culture was laid at the Industrial School, of which he was a distinguished pupil. His innate love of knowledge, after mastering all that was taught in his first school, took him from home, and for a while we find him continuing his studies at the Wesleyan Academy, Wilbraham, Mass.

Like many other distinguished Canadians, he taught school for a short time, and then took up his studies at Kenyon

Postmasters in Deseronto

In 1851, the first post office a log building was established in Deseronto near the east end of town, then called Mill Point. On Jan. 1st, 1857 the post office was moved about one half a mile further east on the Napanee road and the settlement here was named Bowen, after the post master, J. Bowen. In 1863, the post office was again at Mill Point, which in 1881 became, Deseronto.

Post masters over the years are listed below:
J. Bowen, 1851-1887; F. S. Rothbun, 1887-1898; L. Hoppins 1899-1901; A. H. McCaughey 1902-1909; J. L. Gaulin 1909-1920; J. Fairbairn, 1920-1944; H.R. Fraser 1944- Acting J. H. McVicker, 1947-1971

OLD DESERONTO

This year marks Deseronto's 100th birthday and it is hoped that town fathers will see fit to provide some sort of program throughout the year to mark the event besides the unveiling of the government plaque in Centennial Park June 19. The pictures above are contributed by Mrs. Dorothy McCullough, a lady councillor who is intensely interested in this community's history. The top picture is of a thriving metropolis called Deseronto and perhaps not easily recognizable with today's picture. Mrs. McCullough estimates it was taken about 1880, about the time Deseronto was incorporated as a town. Note the railway tracks in the foreground.

Early churches in Deseronto

In the 1860's Wesleyan Methodist ministers from the Shannanville circuit preached to local congregations. The Union Church (later called the White Hall) was built sometime in the 60's and was used by Methodists, Presbyterians and Anglicans.

The Rev. Barnett was the

first Methodist Episcopal minister to preach in Deseronto (1877). He preached on the Selby circuit. St. Mark's Anglican Church was built in 1880.

The church of the Redeemer (Presbyterian) was built in 1881, and was financed by the Rothbuns.

NOTE: In the case of a resident without funds the Department of Social & Family Services will pay \$10.50 per day towards their maintenance in a licensed Nursing Home.

(continued from page 15)

College, Ohio, and so well did he apply himself that he covered his first two years of the course in one. He also spent some time at the Provincial University in Toronto.

When the Prince of Wales (now King Edward VII) visited Canada in 1860, Oranhyetkeha, then in his twentieth year, was selected by the Chiefs of the Six Nations to read the address to the son of their "Great Mother". The impression made on the Prince and his party

was so favorable that the young Mohawk was invited to continue his studies at Oxford, which he did under the guidance of Dr. Acland, afterwards Sir Henry Acland, then physician to the Prince of Wales.

Dr. Oranhyetkeha began the practice of his profession at Frankford, and was enjoying a reputation for skill as a successful practitioner, when he sought a wider field in Stratford. In 1873, he moved to London, where he speedily won a foremost place among

the medical men.

It was during his stay in London that the Independent

Order of Foresters, with its potentialities for meeting a great need, came under his notice. In February, 1878, he became a charter member of Court Dufferin, No. 7, London.

From that time up to the close of his splendid career it may be said that the history of Independent Forestry is the History of Oranhyetkeha.

Early in life he married Miss Hill, a great-grand-daughter of the illustrious Chief Joseph Brant; a woman of rare strength and beauty of character and grace and sweetness of manner. She died in March, 1901, mourned by all who enjoyed the privilege of knowing her. Two children survive, Dr. Acland Oranhyetkeha and Mrs. Percy Johnson. One son was drowned in a boating accident when a

boy. In faith, Oranhyetkeha was of the Episcopal Church. His political leanings were Conservative, but he kept aloof from party strife, and so was able to number among his personal friends and zealous Forestry co-workers, men of all shades of political opinion. A judge and leader of men, he attracted to his side men of ability and distinction in all walks of life. Few men were as rich as he in the quality and number of his personal friends.

After his death, the body was transported, by rail from Savannah to Toronto. Then was formed a procession, the like of which Toronto has not often looked upon, to escort the mortal remains of a great man, a noble Indian, and an illustrious Forester thence to

Massey Hall, where it had been arranged they should lie in state, and where memorial services were to be held in the evening. The thousands of citizens of every degree and all ranks who lined the streets, the drawn blinds along the route taken by the procession, the bowed heads, the tear-dimmed eyes, the sorrowful faces, formed a tribute of respect such as is paid to but few men either in life or death.

The procession proceeding from the station by way of York, King, Bay (passing the Temple by the special request of the dead Chief), Queen, Yonge and Shuter Streets, to Massey Hall.

The memorial services, which were arranged on Wednesday evening, 6th March, were attended by fully four thousand people, in addition to whom other thousands visited the hall both before and after the services to take a last look at the dead veteran.

From Toronto, the casket was transported again by rail, to Deseronto.

The pall-bearers representing the Mohawks of the Reserve, who conveyed the casket from the railway station at Deseronto to "The Pines", the dead chief's old home, and thence on the last journey to the grave, were all relatives or personal

friends of the deceased. Their names are: Albert Maracle, D. W. Claus, ex-Chief, I. W. Green, J. W. Brant, Chief, D. H. Maracle, Chief, D. J. Brant, Jas. S. Brant, ex-Chief, and Nelson Maracle.

The Services at Deseronto, which took place on Friday morning, 8th March, were in three parts: A memorial service at "The Pines", the old home of the deceased on the Mohawk Reserve, in which Very Rev. Dean Davis, of London, and Rev. Wm. J. McCaughan officiated; the Church of England burial service at All Saints Church on the Mohawk Reserve (restored by the deceased) at which Rev. A. H. Creeggan, Rector, officiated, assisted by Rev. Dean Davis; the I. O. F. burial service, commenced at the house and completed at the grave, in which Bro. Victor Marin, P.S.C.R., Bro. J. D. Clark, S.V.C.R., and Bro. Rev. W. J. McCaughan, S.O., officiated. When the funeral procession reached the boundaries of the town of Deseronto on the way to the cemetery, it was joined by representatives of the municipal council, the members of the Deseronto Courts, and the citizens' band.

(Paragraphs in quotation marks are from the *Forer* are from The *Forester*, March 1907, loaned by Mr. & Mrs. Jim Hicks of Deseronto.)

Volume 1-41

It was a bang-up birthday party!

Centennial committee chairman, Dorothy McCullough, whose imagination and energy was the driving force behind Centennial preparations, poses here for Lloyd Thompson with her sister, Gladys Pearse. Photo by Thompson

PLAQUE UNVEILING

THE UNVEILING OF THE PLAQUE on Saturday June 19th was a glorious ceremony to witness. People came from near, and far, the estimate of people attending was 2,500. Many dressed in by-gone years attire, adding something special to the day.

Chairman: Father C. Snoeren
MHM

Local Officials: Mayor J. W. Sharpe; Reeve G. Lyons; Warden K. Smith.
Local MPP and MP: Clarke Rollins; Lee Grills

Band Representatives: Dr. E. S. Rogers, Curator, Royal Ontario Museum, and William Robinson, Historical Sites Branch

Historical Background of Deseronto

"Deserontyou": Mrs. Dorothy McCullough.

Unveiling: Mayor J. S. Sharpe

Dedication: Rev. Bill Hendry

"The Centennial Flag" chosen from many drawn by students was

photographed in front of the plaque; it certainly is lovely. Miss Christine Hunter, of Deseronto Public School designed hers with the Sky-Line Bridge and a hand, signifying the friendship between the Mohawks and the citizens of Deseronto.

The Indian costumes of light gold suede were beautifully worn, the feathered head-dresses of indescribable magnificence. Chief Earl Hill represented the Mohawks.

The children's Indian dance was very well done with Dave Maracle in the centre chanting. White skirts and blouses and suede jackets were worn.

The war dance was done by the older dancers. It was well done, and enthusiastically accepted.

The beautiful bead work worn by the Indians, certainly expressed the skill they have in their hands.

Many remember Davy Claus who now resides in Toronto. His

(Continued on Page 3)

There's no doubt about it -- Deseronto's Centennial celebrations were a huge success! During the full four days of the event, the weather was fair -- "what is so rare as a day in June" -- even though a bit muggy on Saturday and Sunday.

For the parade on Thursday evening, Deseronto's Main Street was lined with people all the way from the Police Station to Centennial Park. Centennial chairman, Dorothy McCullough estimated that 2500 people were in town to join in the first night of celebrations, and Scanner reporters would agree that this estimate was close. Starting at the Fire Hall, the parade turned north on Centre St. to Thomas St. to Prince St., along Prince St. south to Main St., thence to Centennial Park.

Amongst the marchers were legions and members of the ladies' auxiliary, the Deseronto Brownies (in uniform) a group of public school girls in Centennial

garb, and members of the Mohawk Orange Lodge. The men in buskins.

A life and drum band, with an irresistible beat, provided marching music for this group.

beat. There were also members of the Sea Cadets from Napanee marching.

In costume o-d driving in vintage vehicles, several of which are owned by Mr. Gordon Topping were Mr. and Mrs. Joe Reynolds, Reeve and Mrs. George Lyons, Mayor and Mrs. Jim Sharpe and Mr. & Mrs. Topping.

Two clowns (Susan Sharpe & Kim Bangard) added a comic touch as they rode on the back of the Deseronto fire truck.

Picton's old fire truck, the Mohawk Reserve fire truck, and Deseronto's old hand drawn hose-reel cart added several splashes of colour and interest.

Two floats joined the parade. One, prepared by members of the Deseronto Pentecostal congregation, featured a hut of straw with

the sign, "Jesus lives in Africa" The other carried a group of Mohawk, in a variety of native costumes.

Two additional bands provided music for the marchers, the Rob Roy Highland Band and the Sea Cadet Band, both from Kingston. After the parade, these two bands entertained the crowd in Centennial Park with an excellent program, which included highland dancing.

LUNCHEON

Mr. & Mrs. Stan Marek hosted the official party on Saturday noon for a cold-plate luncheon, at the Skyway Lounge. Among those in attendance were Rev. & Mrs. Hendry, Father C. Snoeren, Mayor & Mrs. Sharpe, Reeve Lyons, Warden K. Smith, Mrs. H. Rathbun

(continued on page 3)

Fireworks drew huge crowd

The fire works Sunday night, though a last moment suggestion was a tremendous success. The spectacular show was presented by the town and the firemen, (eight men including the chief) certainly did an excellent job of displaying them. The cars parked from Green Street, to where our old Match Factory once stood at Mechanic Street. While taking up a collection to present to the firemen for their interest

in winding up with such a great "bang-up", I spoke with people who drove from Highway #2 enroute to Ottawa, Pembroke, and one car from Sarnia. These people had never been in Deseronto before (from Sarnia) but will be returning to see our pretty town through August. Once again it has been proven by the same 1500 - 2000 spectators that "People do approve of supervised fire works and look forward to the day when no more

eyes or hands of children are lost from misuse of bangs and sparklers. This display was equal to many shows in Toronto and Kingston which I have observed. Thank you again, gentlemen for a job well done. Also thanks to the people for their donation in the amount of \$34.00.

June Thompson

Mohawk float added colourful touch to parade - note variety of head-dresses and elaborate bead work.

Sob for the
Spadina Spillway!SOB FOR THE SPADINA
SPILLWAY

Prof. Douglas Chant, chairman of the Toronto based Pollution Probe, put Spadina in perspective for us when he wrote to the Toronto Star:

"I am particularly disturbed by two aspects of the reaction of those at City Hall who are complaining so loudly over Premier Davis' decision to halt the Spadina Expressway."

"First, their outrage that an 'elected representative of the people' their decision was overturned, is arrogant nonsense. They forget that those who overturned them were also elected by the people, and with a higher mandate than that of simply looking after the narrow interests of Metro Toronto. Moreover, the citizens' groups which so successfully fought the expressway for so long are themselves the very 'people' referred to."

"Second, the myopia of those who complain about the decision because of the effect it will have on the growth of Toronto is incredible. Mayor Denison, for example, is quoted as saying that 'unless they want to stop the growth of Toronto, I don't think this action makes any sense.' He predicted that the decision will slow Metro's growth. Of course it will."

Chant's brief analysis of the Growth-Bigness syndrome (the nostrum accepted by so many politicians, industrialists and financiers as the panacea for our social and economic maladjustments) is posited on the criteria of life quality, the only visible measure of the good society. And life quality, is destroyed by growth.

As Chant puts it 'Has it not even occurred to these people that the explosive growth of our city is creating pressures that will

destroy it? Our local politicians evidently still blindly worship the god of growth."

The scrappy adversaries of the Spadina Spillway are celebrating with joy. We join the victory chant.

KINGSTON EDUCATOR DAVID PRATT CO-AUTHORS TEXTBOOK REPORT

A research study, entitled "Teaching Prejudice, has been released by the Ontario Institute for Studies in Education after a study of 125 books authorized for use in Ontario schools."

It reported that North American Indians are frequently described as savages and are almost invariably pictured as wearing feathers.

It found Negroes called "primitive" and Moslems frequently called "infidels" while Christians were described as "devoted."

The Ontario Institute for Studies in Education, based in Toronto, was inaugurated in 1965 by the provincial government to grant post-graduate degrees and conduct research in education on a budget of \$10.5 million for this year.

Authored by Garnet McDermid and David Pratt, the report urged immediate steps to correct the prejudiced view that Ontario

school children have of many racial groups and issues.

Books that contribute to the miseducation of children should be revised by the publishers, the researchers said.

Until that can be done, however, they want lists of errors and omissions supplied to teachers.

Pratt, 31, a native of Britain, graduated from the institute when he conducted the four-year textbook research. He is now a professor of education at Queen's University in Kingston.

What do you think?

To the editor of the Star

Many ideas have been put forward and experiments conducted to involve young people in a peace corps. The continuing restlessness and agitation of youth indicate, however, that the right idea or plan has not yet been tried.

Some countries have compulsory military training, and this has been of value in some instances, providing training in discipline and physical fitness and providing for defence requirements. The draft, however, because it is strictly military, has not provided a motive for service for those who yearn to work for peace and the good of mankind. It can be safely said that tried methods of drafting youth are not able to meet 1971 needs.

I respectfully suggest that we, as a nation, accept the principle of draft and compulsory service for all Canadians aged 18 through 21. The program could be called "Five years of training and service free of tax; studies, staff and qualifications of staff, as well as staff, would have to be considered. The program would recognize the attitudes and skills of Canada's youth, and persons would be assigned to the area of study and training for which they are best suited."

Many departments of the federal government would be involved. The Department of National Defence, for example, would

be automatically involved, as its facilities would be the national base for the project. The Department of External Affairs would influence the training and placement of youth fitted for service in developing countries.

Federal and provincial co-operation would be needed to utilize those who could serve to learn through service within Canada. The sports program would be enhanced and Canada's participation in international sports could be fostered through this source of nationally organized youth.

It would be politically impossible to draft youth into a compulsory military program in peacetime, but the program suggested and roughly illustrated in this letter would be appealing to youth, and would be accepted by our people as an answer to the problem of providing an outlet for the energies of young people.

This plan would provide an excellent source concerning future jobs. More important than anything else is the fact that it would provide a much needed service to mankind, and the establishment of peace would be rendered. Our nation would become strong physically and mentally, and the world would know that we care.

SUCCESSION DUTY

Changes effective in respect of deaths occurring after midnight April 26, 1971:

1. Increase in Widows' and Widowers' exemption. The exemption for widows and widowers will be increased from \$125,000 to \$250,000. The corresponding credit when duty is payable, will be increased from \$11,500 to \$23,950.

2. Surtax. The existing surtax of 15 per cent will be eliminated for preferred beneficiaries, i.e. father, mother, husband, wife, child, grandchild, grandnephew, grandniece, son-in-law, and daughter-in-law.

3. Estates Valued up to \$100,000 will not be subject to Duty Where Property Passes to Preferred Beneficiaries. No duty will be payable in an estate valued up to \$100,000 (instead of the present \$50,000), where such property passes to preferred beneficiaries.

Notice

Owing to increased operating costs which have created a deficit and because of anticipated Capital expenditures the Deseronto Public Utilities Commission finds it necessary to announce a revision in water rates to consumers in Deseronto to be effective July 1st, 1971.

The revised rates shall be as follows:

Private Dwelling-1 family-1 tap per quarter year	9.33
Private Dwelling-1 family - 1 tap and 1 bath or 1 toilet per quarter	11.63
Private Dwelling-1 family-1 tap, 1 bath, 1 toilet and 1 basin per quarter	13.87
Offices and Stores 1 tap per quarter year	9.33
In addition to the above rates any dwelling having additional basins, toilets, showers or baths will be charged extra for each one per quarter year	.78
Lawn Service, six months season (May 1 to Oct. 1)	10.24

All above rates are subject to 10% discount is paid not later than the 20th day of the month in which the bill is rendered.

Commercial and Industrial Metered Rates (net)	
Under 15,000 gallons per month	.91 M. gal.
15,000 to 40,000 gallons per month	.88 M. gal.
40,000 to 75,000 gallons per month	.75 M. gal.
Over 75,000 gallons per month	.51 M. gal.
Minimum charge for one month	3.07

Olympic Winners

Two local youngsters were among the prize winners at the Canadian Olympics for the Mentally Retarded held in Toronto last week. Carol Ann Claus, 14 daughter of Mr. and Mrs. Vernon Claus of 120 Brant St., Deseronto won a gold medal in the 100 metre swimming event. She also won ribbons for second place in the 25 and 50 yard swimming events.

Fred Brant, son of Mr. and Mrs. Elmer Brant, Slash Road, won a ribbon for coming second in the high jump event (3'10").

Both children are students of the William R. Kirk School in Belleville. Coaches Mrs. Ellenton Mrs. Clarke and Mr. Reddick are proud of the showing made by Carol Ann, Fred and others in

the 12 member team from William Kirk School.

Competing against entries from all across Canada, the Kirk students managed to win four medals and seven ribbons in track, and field and swimming events.

Accompanying the team, as well as teachers and 42 other Kirk students, were Moira Secondary students Phil Kirby, Dave Caswell, Jack Ralph and teacher Ron Moffat.

Belleville residents raised over \$1,000 in support of the team.

The jackets worn by Carol Ann and Fred in above photo were donated by Deacon Brothers of Belleville.

Float prepared by members of Deseronto Pentecostal congregation. Riding on the float are Fern Tugwood, Beverly Brant, Paul Brant, Mr. O'Coin, Christine Hodge, Debbie McTaggart, Karen Hodge and Charlie Shelley

Photo by Thompson

Solo by David Edwards "I Believe"

Mrs. Rhonda Allen of Kingston dancing teacher to Deseronto and Napanee pupils, danced with her sister Carlo Lisdale, "The Old Soft Shoe."

School Chorus directed and accompanied by Mrs. Lawlor sang five Canadian songs "Canada" "Land of the Silver Birch" "Far Away Places" "The Happy Wanderer" "A Place to Stand"

I have made no comment after each presentation because all were so beautifully done. To those who did not attend and support this show, you really would have had to see the color and the talent to know what you missed. Do hope you will all turn out for the next "Variety Night" show and there certainly will be one. All this talent can't go to waste. The show ended up with a "Sing Song" Mrs. Mildred Burleigh Napanee on piano and Miss Jaye led the songs.

June Thompson

PLAQUE UNVEILING

Earl Brant speaks at Legion banquet

Earl Brant, newly elected District Commander of the Royal Canadian Legion was in Peterborough Tuesday night when the branches in District F, presented the Boy Scout Association with cheques totalling \$775 to enable Richard Brown, Bridgenorth to attend the International Jamboree in Japan during July.

More than 200 veterans sat down to a turkey supper provided by the Peterborough Auxiliary F. P. (Paddy) Burke acted as toastmaster and chairman.

Eric Hogg past district commander presented the cheques from the branches to Assistant Provincial Commissioner L. Griffith, Cobourg. Mr. Griffith himself a member of Cobourg Leg. and thanked the veterans for their interest in the Scout movement and their generosity in making sure that a boy from District F would be a member of the Canadian Contingent to Japan.

Mr. Brant in his address to the Legionaries dealt mainly with the things that are being taken from Canadians without any protest being made. Many of the symbols and traditions are being eliminated from our everyday life. He particularly mentioned the militia which at present is only a token of what existed in 1939.

Jacob Candan, treasurer of District F thanked Mr. Brant for

his timely message. Following the speech by the District Commander, Percy Gray, Marmora conducted the election of the Peterborough branch.

On Wednesday night Mr. Brant was the guest of the Wellington branch of the Royal Canadian Legion.

O Tempora !

O Mores!

The following item from Norwich, Upper Canada, sheds an interesting light on the plight of the Methodist minister of 100 years ago.

O TEMPORA O MORES! SINNERS TO THE RESCUE!

Notwithstanding the extreme poverty of the Wesleyan Methodists on the Norwich Circuit, the stewards have announced what they realized towards the Minister's salary for the past quarter, the handsome sum of \$2.39 in Cash! besides 2 pecks Potatoes, 35 lbs. Flour and other articles of minor importance.

This speaks loudly for the liberality of said Christians, (?) yet they have to deplore that there is still a sad deficit in the quarters salary. In consequence of this announcement the committee on Ways and Means considers that the only WAY to raise the

MEANS, necessary to keep the present minister from starving, is to call upon those who are not connected with the meeting house to contribute to his support.

N. B.—Should any member feel disposed to contribute anything further in the way of produce they will please observe the following rules.

1st. Rotten or Frozen Potatoes will not be received.

2nd. Third and Fourth Class damaged Flour and Grain, in the future will not be accepted.

3rd. Wood will not be reckoned at full price, if more than half decayed.

4th. The Official Member who subscribed the handsome sum of 22 cents, payable in meat, will be credited with that amount, when the meat is supplied.

5th. Parties bringing Berries or other delicacies, will be pleased not to remain and eat them all up before leaving the Parsonage.

By order of the committee of
WAYS & MEANS
Norwich, December 1864.

FUCHSIAS EASY TO GROW

Fuchsias bloom all summer long, have a unique shape, come in strong colors, and are easy to grow. A less common bedding plant, it comes in a variety of forms too, mound-like, upright, or hanging.

Fuchsia will grow in shaded or slightly shaded areas. A rich well-drained soil is best.

Fuchsia require constant watering, but take care to maintain a careful balance of moisture, as flowering will be affected if the plants are either too wet or too dry.

Serious insect pests rarely attack fuchsia, but to be sure certain infestations do not build up, it is wise to spray at 10 day intervals. The most useful control agent is malathion. Apply carefully and follow the directions on the container.

Fuchsias can be grown in the home throughout the winter if cuttings are taken in the fall.

—Ontario Department of Agriculture and Food

EDITOR'S NOTE

It is incredible that our Ontario Department of Food and Agriculture should continue, in the light of recent (and not so recent) evidence, to urge gardeners to use chemical fertilizers and dangerous insecticides. If the fuchsia plant is not subject to infestations, why spray it?

SHASTA DAISIES

Mr. and Mrs. George Wannamaker

COUPLE MARRIED 50 YEARS

A pleasant time was enjoyed on June 12th when Mr. & Mrs. George N. Wannamaker were entertained at a family dinner on the occasion of their 50th wedding anniversary at their home 15 Wellington St., Frankford. Mrs. Wannamaker is the former Laura Lyons. The couple were married on June 11th 1921 by Rev. J. Henry Martin at Longbranch, Ontario. They have

two daughters — Ellen, (Mrs. Frank Boyle) and Betty (Mrs. Ray Fox) both of Trenton and four sons, Ronald of Petition B. C., Delmer of Deseronto and William and Eugene (both deceased). They also have 15 grandchildren and 7 great grandchildren. The honouree guests received many lovely gifts, flowers and cards.

Centennial Memories

Interest Report

Hi There!

Some people still like to publish their visitors' names while on a weekend or summer vacation. If you do, or have anything interesting, would you please contact the above phone number. I am trying for a count of 50 new subscriptions, if interested will you call me? Not for any commission, just to see our paper expand. Thanks to those who have already co-operated—"You're just great". On my report and subscriptions "I'll be scanning."

Mrs. June Thompson 396-3220

Deseronto

On Sunday afternoon, June 20th a family box-lunch picnic was held in the Centennial Park. Despite the beautiful sunny weather, there was a poor turnout for this event in the town's Centennial celebrations. Nevertheless, those who did come spent a most enjoyable day together. Later in the day, gathering clouds threatened to cause a postponement of the fireworks display, planned as a spectacular close to the weekend of celebrations. The rain came and went and still people crowded to the park to see the show, which went on as scheduled. The success of the whole week-end, and it is unfortunate that those people who missed any or all of the events will not be able to attend the next Deseronto Centennial.

Peter Barber of Kingston, returned home after spending the weekend with his grandfather and Aunt, Mrs. Kay Hood and Albert Reed. Peter took part in the Centennial Celebrations, on Thursday evening, with the Rob T Roy Pipe band, also on Saturday at the Plaque dedication.

Recent visitors at the home of Mr. & Mrs. Dan MacMillan were Mr. & Mrs. George Rising of Souquet, N.Y. and Mr. & Mrs. Bill Otter of Whitesboro, N.Y.

Mrs. Stanley Miller of Yorkville, N. Y. is spending a week with her sister and brother-in-law Mr. & Mrs. Dan MacMillan, also another sister Mrs. Wm. Vateory of Odessa spent the day with them on Tuesday.

Mr. & Mrs. Albert Walker, Mrs. C. F. Dinnell and Mrs. V. Boston attended the Anniversary Service at St. Andrews Presb. Church in Camden East of Sunday June 20th.

Mrs. Aileen Plumptre, Toronto attended the Centennial Tea and spent the weekend with her sister.

Mr. & Mrs. Samuel James Kelly, Deseronto, celebrated their 51st Anniversary, June 18th by going to Watertown, picking up Mr. Kelly's two sisters and brother-in-law. From there they travelled to Rochester Fort Erie, Niagara Falls staying over one night then to Oshawa, Nanapanee again to Watertown and back home to 161 Mill St., Deseronto.

Mrs. June Thompson, a former Deseronto resident, has returned to town, and is living in the house formerly owned by her grandparents, Mr. and Mrs. Jack McAfee, on the corner of Pearl and Main Streets.

World Travellers will speak

TALES FROM PAKISTAN AND EAST GERMANY

Two world travellers are special guests of the congregation of the Presbyterian Church of the Redeemer in Deseronto this week. Miss Sigrid Preik who escaped recently from East Germany, travelled to riot-torn East Pakistan where she was a guest of the President. She arrived in Deseronto this week and will report on her exciting and troubled experiences.

Miss Gwen Schmidt, an internationally known missionary evangelist who has ministered in forty countries is here in Deseronto with Miss Preik. Miss Schmidt has just returned from East German and Czechoslovakia. She and Miss Preik, who smuggled Bibles in these officially non-Christian countries, will speak every evening this week from Wednesday to Sunday at 7 p.m. and on Sunday morning at 9 a.m. at the Church of the Redeemer, 147 St. George Street, Deseronto.

Melrose

Mr. & Mrs. Chas. Bates attended the Liberal Association President Club Dinner & Dance in Batavia on Saturday evening.

Congratulations are extended to Mr. & Mrs. Robert Hannah (nee Sandra Weese) who were married on June 5th in Melrose United Church. Melrose U/CW catered to the dinner after.

On Saturday evening, June 5th Mrs. Newton Demille was hostess to a Bridal Shower for Miss Sue Leary, a Bride Elect for this month.

Mr. & Mrs. Ken McMechan, Lorraine & Lisa had supper on Sunday evening with Mr. & Mrs. Wm. McMechan.

Haight, Dorothy Haight, Brenda Lazier, Mary-Anne McFarlane George Lazier.

Sunday (13) Dinner guests at K. McMechan's were Mr. & Mrs. Wm. McMechan, Foxboro and Mr. & Mrs. John Kimmett, Robin.

Congratulations! are extended to Mr. & Mrs. Blaine Loft (nee Christine Badgley) who were married in Christ Church, Deseronto, on June 12th.

--Mrs. Ken McMechan, Shannonsville, R.R. 1

In the black

Committee chairman, Dorothy McCullough announced at the close of the events, that all bills will be paid, and that a surplus amount will be turned over to the town, perhaps ear-marked for a special project, such as flower baskets on the Main Street.

All members of the committee are to be congratulated on their fine efforts; they have proven that it was possible to stage a successful Centennial weekend on a shoe-string budget (Town Council voted \$100 to cover expenses.)

Photos and a write-up of the Tea and the Fashion Show will appear in next week's Scanner.

Flesh and metal are in conflict because of their juxtaposition. Metal will dominate flesh, unless we decide that flesh is more important

Hog producers question Board

Kenneth Flach, Mitchell, President of Local 311, National Farmers Union, on behalf of several local presidents said today that farmers are questioning just what interest the Ontario Pork Producers Marketing Board is serving.

He was referring to the Board's refusal to try and meet the demand of several locals in Western Ontario to set the price of hogs at 28 cents per pound on June 7th. This price was declared as a beginning, after area farmers, in desperation, found it necessary to picket two of their own assembly yards during the week of June 1st.

Mr. Flach said that following a telegram to the Board, asking for the 28 cent price, another was received in return from the Board requesting a meeting on Mitchell.

"At no time did NFU local representatives decline to meet representatives of the Board, but they did insist the meeting be held at Mitchell, as a central location. Furthermore the Board was advised that we were available for a meeting any time during this week (June 14th week) but apparently that has been rejected too."

He said the Board's reluctance to come down hard on a price because of its fear of U.S. Imports indicates someone is dictating the price to the board, rather than vice versa.

Mr. Flach said the statement of Mr. Snobelen, Hog Board Chairman, that the Union has belatedly recognized that an arbitrary price set would result in serious losses to the producers, is not true and Union members have no intention of backing down in their demands. "If hogs have been coming into Canada, or if they should, then Mr. Snobelen should immediately advise farmers, publicly, so they know what is happening. After all, Mr. Snobelen and the Board are supposed to be working for and with the farmers."

As for hogs from other provinces, Mr. Flach said, "Surely we have passed the day when we are going to allow industry manipulation of one producer's production to break the price of another."

Shannonville

SHANNONVILLE ACW TEA

Red Pemonies and White Spirea formed a background in Trinity Hall Shannonville, when the ladies of the Anglican Church held a tea on Saturday & June 12.

Mrs. Bell wife of the Rector and President Helen Spencer directed the guests at the door.

The bake table was convenient

by Frances Little and Pearl Stratton. White Elephant and Plant table was very busy with M. Lethbridge and L. Reid in charge. While serving tea Lorraine Kent, Faye and Connie Stratton assisted by Jean Rump and Valma Coat were very busy. Replenishing in kitchen were Mary McKenzie and Florie Seger.

Ladies were pleased with the attendance and thank everyone for patronizing them.

--Ruth Ryckman

Mr. & Mrs. Bill Houston and girls of Brighton spent the weekend with Mr. & Mrs. Jim Hinchey.

Miss Linda LeFort is vacationing with her grand-parents, Mr. & Mrs. A. LeFort of Timmins for a month.

trip to Green Point

This is an account of a field trip made by the Grade VI pupils at Sophiasburgh Central School. This trip was made to Green Point.

On Thursday June 10th our class of grade six at Sophiasburgh School went on a trip to Green Point by the Skyway bridge. On the path that we followed to get to our destination we saw deer tracks and a portridge. We went fishing and altogether we caught about fifty fish. A few boys saw an old deserted fisher men's hut. Also some girls saw a chipmunk. A boy got his kite caught twice in the tree and the same boy tied this kite to a tree and it floated away on its own. Some boys explored an old cottage and found a trap door. We built a fire and cooked some of the fish we caught. We saw some minnows swimming by the shore. There was a hawk's nest at the top of a tree. It was huge. There was a tree fort we could climb a rope swing and a home made teeter totter. We were tired, happy and thirsty on the way home. Before we left we had a clean up contest and of course two girls won. We had a wonderful trip and proved that we could have fun right inside the county.

Simon Vincent, Grade 6

DRIVERS

Here's an emergency vehicle reminder. When you hear a police, fire, ambulance or public utility emergency siren, or if one of these vehicles approaches you with the red flashing light on the roof flashing intermittently, the law requires that you bring your vehicle to a stop near the right hand curb as possible.

Area girl in film

A Prince Edward County farm family is featured in one of the films now being shown at Ontario Place. Six year old Lynne Mallory, daughter of Mr. and Mrs. Douglas Mallory of R.R. 1 Bloomfield, is shown learning to ride a bicycle down the laneway beside her grand-parents' home (Mr. and Mrs. John Mallory). Last week, Mr. and Mrs. John Mallory saw the film and reported that the photography was excellent. Lynn received the bicycle as a gift for her part in the film, and has by now become a very proficient rider.

CROP INSURANCE PAYS TOMATO CROP LOSSES

Tomato growers with processing contracts who purchased crop insurance, found their modest premium investment paid off as a result of frost during the last two weeks in May.

Henry Ediger, General Manager of the Crop Insurance Commission of Ontario, announced today that the Commission is processing 213 claims for Replanting Benefits under the Tomato Insurance Plan. Up to \$50,000 will be paid out to insured growers for the cost of replanting.

The Commission's adjusters estimated that 1,050 insured acres had to be replanted, requiring about 5 1/2 million plants. Under the Crop Insurance Contracts, the Commission pays for either the entire cost of the plants destroyed or for the replants required, to a maximum of \$55 per acre.

Boy drowns in Bay

An unusual combination of circumstances culminated in the tragic death by drowning last Thursday, June 24th, of Deseronto youngster, eight-year-old Gregory Jonathan Carleton, in

The lad was the son of Mr. and Mrs. Ronald Carleton of 364 Main St., Deseronto. A student of O.S.D. in Belleville he had already finished courses for the summer. A boat had been

left on the shore of Centennial Park and he with two little friends had taken a ride in it previous to the occurrence of the fatality, about 11:30 a.m. Gregory had apparently taken the boat out by himself after his two friends went home, and had capsized.

Dragging and diving operations were carried on for several hours by a crew of Provincial policemen: Const. Garnet Brown

and Const. Halvorsen of Belleville and Const. McCormick of Modoc. The body was recovered about fifty feet off shore in about five and a half feet of water at 8:20 p.m. Coroner Dr. James McVicker was in attendance. Constable Gary Owens of the Deseronto Police Force conducted the investigation.

Gregory is survived by his mother and father and seven brothers and sisters.

BOARD OF EDUCATION BRIEFS

Educational Services Building

A motion was passed that the Board approved in principle the construction of an Educational Services Building containing approximately 30,000 square feet, at a cost not to exceed \$16.50 per square foot.

Retarded Children's Olympics

A letter of appreciation was forwarded the Principals of Belleville C.I. & V.S. and Maita Secondary School with respect to the assistance students of those institutions gave to the participants from William R. Kirk School in the recent Canadian Olympics for Retarded Children.

Driver Education

That the fee for each student taking the Driver Education course be increased to \$30, effective September 1, 1971, and that the Board's Business Administrator arrange for a transfer of surplus funds from the Evening Class Salary Budget to the Driver Education panel in order to make funds available beyond those provided by the increase in fees.

Oral French

Messrs. J. Zikopoulos and David Weir of the County Curriculum French Committee, explained various portions of a brief presented to each Board member concerning the teaching of Oral French in Hastings County. Questions brought forward by Trustees such as the advisability of beginning the teaching of French in Grade 3, the general value of French to Hastings County students, and the opinion of the Department of Education to the most advantageous time to begin the study of the subject, were thoroughly discussed.

The overall discussion resulted in the following conclusions:

- 1) the philosophy and rationale of the report are educationally sound and very acceptable;
- 2) phasing is the best way of approaching this situation, so that implications and problems may be reviewed and studied during that developmental process;
- 3) the recommendation for September 1971 of providing French in all

Hydro plans for the future

CONSTANT PRESSURE OF GROWTH ECONOMY GOVERNS ONTARIO HYDRO'S FUTURE PLANS

"The constant pressure of what is fundamentally a growth economy must continue to be a basic factor in the Commission's plans for the future," says Chairman George Gathercole in Ontario Hydro's newly-released 1970 annual report.

"It is true that primary demands both in November and December were slightly below forecast levels owing in part to a generally lower level of economic activity and to strikes in sections of the automobile industry. Primary peak demands in December, nevertheless, were nearly seven per cent higher than those in 1969," Mr. Gathercole said.

The 394,524 customers of Hydro's Eastern Region accounted for a record peak demand of 1,639,287 kilowatts. The provincial peak demand was 11.3 million kilowatts. During the year, Hydro brought into service some 1.2 million kilowatts of new generating capacity.

LEAVES FORCE

Constable Gary Owen, who has been with the Deseronto Police Force since January 1970, has submitted his resignation, to be effective July 8th, 1971. He has accepted a position with Belleville City Police.

"This performance in the face of a slowdown in the economy and the upward movement in costs and rates confirms our expectation that demands for electric power will continue to double every 10 or 11 years," Mr. Gathercole said.

Site preparation for Lennox G.S., west of Kingston, was begun last August and engineering work was well advanced by the end of the year. The new 2.3 million kilowatt oil-fired station is designed to burn either crude or residual oil.

FILMS WERE POPULAR

On Saturday morning of Centennial Week, a Deseronto Public Library was the place to be. In addition to the excellent display of photos, artifacts and antiques, arranged by Mrs. Tunncliffe, a fine program of films was offered. The program, arranged by the Lake Ontario Regional Library included the following: A place to stand, Rise and Fall of the Great Lakes, Clow, Urchin of Paris, People Soup.

Coffee and doughnuts were served to the large crowd which attended.

It's a warm way to sunbathe, either way. Frances Klaver models swimming attire from the early 1900's, while Tracy Warden models a black feather boa with her bikini at Centennial Fashion Show.

Local boys accepted

JUNIOR FOREST RANGERS

Two Deseronto boys applied and were accepted by the Dept. of Lands & Forests as Jr. Forest Rangers—Mr. Brian Jackson 17 son of Mr. & Mrs. Wm. Jackson Main St., and Jimmie Gordon 17 son of Mr. & Mrs. Ed Gordon 17 Dundas St., Brian left by train for Toronto to join other young men accepted, their destination being Blind River. Jim will end his journey at Sault, near Chapleau. They will be away for two months. I am looking forward to hearing from

Brian as he lives next door and will keep you posted. This is an excellent opportunity for young men, who must be 17 years of age to make application — if any of you fellows are interested for next year. I don't know Jimmie, but as sure I will, by mail, before he returns to Deseronto. I'm sure their parents are proud of these boys.

June Thompson

What do you think ?

If Reeve Foster of Sophiasburg is interested in preserving the integrity (say nothing of the aesthetics) of his fair township, we feel it behooves him and his council to do something about enacting, or at least enforcing by-laws to prevent the proliferation of car wrecks which presently mar the June landscape.

Sophiasburg township is at the present time, a popular spot for tourists—and is becoming more and more of a year round residential area. Since the township was settled primarily by Loyalists many of the buildings are fine examples of early domestic architecture and several have been recently restored. The drive around Green Point, along the water's edge, through Northport is indeed a pleasant one.

If the whole area were spruced up a bit, junk yards and car wrecks eliminated, more trees planted, it could rival the Niagara Peninsula as an area of rural beauty and historic interest.

Genetic control

Increasing pressure for legislation to control populations, including sterilization and genetic manipulation, was predicted by Dr. David Suzuki of the University of British Columbia, Canada's leading geneticist.

"If science could tell at the time of conception the fertilized egg was a genetic class of embryo with a high risk of developing into a person who all his life would remain below the poverty level, not complete high school and be in trouble with the law, then it might seem reasonable in some people to abort that fetus before maturation.

"Do you realize I have just described the Indians of Canada?" he asked. "Their genetic make-

up is not the cause of their problem. Rather it is the society into which they are born which makes their genetic make-up important."

He warned that many people would find it easier to eliminate the race than to change society. He said that any society that puts down student power with force, fights the drug abuse problem by "busting" kids and "solve poverty with hand-outs, will seize on genetics as a way of ridding itself of problem people.

Suzuki spoke at the opening of an exhibit of cell biology. Xerox of Canada Ltd. has lent the Ontario Science Centre in Toronto.

book reviews

THE ECSTASY OF RITA JOE AND OTHER PLAYS—

by George Ryga. Edited with an introduction by Brian Parker. Toronto, New Press, 1971.

This play opened in Vancouver B.C. in 1967 with Chief Dan

George and was played in Toronto last year with Duke Redbird. It is now in print along with two others: Ryga plays, one of which is entitled Indian and concerns transient labourers. The latter was first produced by CBC-TV in 1963.

Rita Joe is an Indian woman in the city with all the problems and sufferings of those Indian people who leave their familiar rural environment for an urban life. While Ryga makes no judgments and comes to no conclusions he lets the characters speak for themselves. Those who have seen the play know that their speaking moves more hearts and minds than reading all the books on native people.

RED ON WHITE: The Biography of Duke Redbird -- by Marty Dunn. Toronto, New Press, 1971.

Richly illustrated with collages by the author, this biography combines the poetry and writings of Duke Redbird with taped interviews it carries us from his birth as Gary James Richardson on the Bruce Peninsula to his present, the poet, actor and television personality.

The typography is as varied as is the subject's life and Mr. Dunn holds it together artfully. He takes us through Duke's childhood of foster parents, schools, his awareness of his Indianness and his artistic inclinations to his adulthood of political and artistic involvement.

The theme can be told in the quote from Norman Mailer in the beginning of the book:

"The most interesting people I have met were those who contained within themselves the greatest number of contradictions."

Indian-Eskimo News

fine line

for all

I have noticed that I have a tendency to bump into flying insects when I drive my car and kill them dead

this has been of no small concern to me and I would gladly give up driving except that it's such a distance from here to.....there

and also if I walked the ants would take an awful pounding

I guess it all comes down to where the line is and even you spray your operating room

GREAT LAKES CLEAN BY 1975?

Industry will be forced to stop polluting and pay for its own clean-up, said Jack Davis, Canada's First Minister of the Environment. "The polluter must pay," he told the 1000 experts meeting in Ottawa from all parts of the world.

Canada recently signed an agreement with the American government setting 1975 as the deadline for the \$4 billion Great Lakes Clean-up.

Canada's share will be \$500 million, of which \$50 million will have to be paid by industry, said Davis.

Board of Education briefs

cont'd from page 1

grades 7 and 8 is the initial step, subject to the availability of staff; 4) during the 1971-1972 school year, a committee of principals, staff members, French teachers, and other available resource personnel should be active to carefully review and consolidate the recommendations for implementing the additional phases of the programme. There may be some staffing problems and other implications which are not entirely known at this stage; 5) voluntary pilot projects by interested principals and staffs in K-6 schools in consultation with the Superintendent involved, should be encouraged as a means of obtaining valuable information and feedback concerning the effectiveness, desirability and degree of success of a French programme at lower grade levels in terms of pupil receptiveness, interest, and achievement.

It was moved by Mrs. M. J. Graham and Seconded by Mr. J. Falls that:

A. A phasing-in programme be-

gin to eventually provide instruction in French from grades three to six, as soon as possible, and then be made optional in grades seven and eight, by providing French in all Grades 7 and 8, September, 1971.

2. Programme and resource be made available for the under-achiever in Oral French.

3. All Modern teachers within an Associated School Group work closely together for the benefit of the student, according to present policy.

4. Itinerant teachers of Oral French be absorbed into the school. 5. Attention be paid to the integration of French with other subjects and individualized programmes.

6. Only qualified, experienced teachers teach Oral French.

7. A committee, consisting of a Department of Education Consultant, a member of an Academic Council and a representative group from the French teachers of the County, be set up to suggest-

a) desired qualifications and competency of Elementary School French teachers for our County.

b) compatible French Programmes for the Elementary Schools, so that within an A.S.G., students may be prepared for any type of programme offered at the Secondary school level

c) in-service training programmes

d) co-ordination within the Elementary School section.

8. Adequate time be provided for the Elementary French programme (i.e. 20 minutes per day per class).

B. During 1971-1972, the Committee referred to in A above will consider the implications of the following recommendation and produce a report for the trustees before implementation is considered:

i) to provide Oral French in all Grades 3, 7, and 8. September 1972

ii) to expand and provide Oral French in grades 3 to 6 as soon as possible depending on availability of staff.

iii) above subject to budget limitations.

EMPEY HILL

Mrs. W. Lewis, Miss Irene and Miss Geraldine Mowers attended a bride to be shower for Miss Louise Lewis in Kingston an evening recently.

Kingsford Guild met last Wednesday evening at the home of Mrs. F. Leaver, Forest Mills.

Pleased to report Mrs. W. McTaggart returned home from Kingston General Hospital, last week and is recovering from knee surgery. All wish her a speedy get well.

Mrs. Robert Harvey is visiting her daughter & husband, Mr. & Mrs. Harold Grooms, Dorland.

Mr. & Mrs. Hickey arrived this week from England to visit his sister Mrs. C. J. Akey and family for a few weeks.

There was a good attendance at the Strawberry Social held at the Church Thursday evening.

Fashion Show

POOR ATTENDANCE AT FASHION SHOW

Few people turned out on Saturday night for the Fashion Show held at Deseronto Public School, probably because it was hot and muggy that evening.

The array of costumes, however, was colourful and historically interesting -- from the hoop skirts of the 1860's through the elegance of the gay nineties, the straight - laced, high necked fashions of the early nineteenth century to the swinging, clingy dresses of the flapper age.

Of special interest were a black beaded ball gown from the 1890's a wedding gown from 1916, a Quaker plain dress, an early nurse's uniform, and a variety of flapper dresses.

Mrs. Mike Church was commentator. Models were:

CENTENNIAL TEA

The first town of Mrs. Ross Seasmith's house in Deseronto provided a beautiful setting for the tea on Friday afternoon. Most of the ladies serving, including Mrs. Sam Knapp, Mrs. Jean Knapp, Mrs. David Taylor, Mrs. Albert Walker, Miss Debbeline and Mrs. Ed Garbner, were dressed appropriately in period costume. Private refreshments were served.

Pausing tea were Mrs. Frank Bell, Mrs. Cyril Belts, Mrs. Kath. Brant, Mrs. Gladys Maracle, Mrs. Joe Reynolds, Mrs. Hawley, Mrs. Wm. Hendry, Mrs. Hilda Goulin and Mrs. Sherman.

A charming touch was provided by three little girls, Kathy Johnson, Cathy McCutcheon, and Susan Laefe, who sang at intervals during the afternoon.

Refreshments were Mrs. K. Hood, Mrs. Beryl Herman, Mrs. Dan MacMillan.

At the gate were Mrs. Percy Brooks and Mrs. Gladys Pearce.

IN MEMORIAM

IN MEMORIAM
Herman - In loving memory of a
dear father and grandfather, Roy
Herman, who passed away July 1,
1967.

The blow was great, the shock
severe,
We little thought his death so
near,
Only those who have lost can tell
The sorrow of parting without
farewell.

Lovingly remembered by daugh-
ter Shirley, son-in-law Leonard
and granddaughters Deborah and
Reta.

Mrs. Leonard Foster

JACKSON

In loving memory of my dear
wife, Justine who passed away
June 30, 1970.

I do not need a special day
To bring you to my mind
For the days I do not think of
you,

Are very hard to find
If all the world were mine
I'd give, yes, and more
To see the face of my loved
one,
Come smiling at the door
Sadly missed by her husband

Gardening Tips

by Mary Coleman

Make Your Own Cuttings

If you have a particularly hard some plant, and you would like some exactly like it, take some cuttings. If your bank account is overdrawn and you want more garden plants, take some cuttings. Do you yearn for a spirea hedge, yet hate to part with that much money just for plants. Take some cuttings!

One of my earliest memories is of being mortally embarrassed by the behaviour of my mother, who had a garden that was a riot of colour all year round; whenever

we went for walks in the evening she had a kleptomaniac tendency to snip bits of overhanging shrubs in other people's gardens, which she would bear home in triumph, and stick into her garden. Amazingly enough they nearly always grew but then my mother had a legendary green thumb.

Even if you don't have a green thumb, you too can propagate plants by cuttings. There are two basic types, softwood and hardwood cuttings, softwood cuttings are taken from this year's growth, and now is a good time to take them from the deciduous trees and shrubs. Cut pieces off the tips of the

branches, about 6 inches is a good length, use a sharp blade and cut on a slant about 1 inch below the node, the place where the leaf grows. Strip all the leaves off the bottom third of the cutting, and cut off a thin slice of bark a couple inches long at the bottom end. This exposes the cambium, which is the growing tissue in the stem. Dip the end of the stem into a rooting powder which can be bought from any store that stocks garden supplies and push the lower third of your cutting into a rooting mixture. A mixture of sand and peat moss is good for this. Cuttings must be kept moist, and for this reason my favorite container is a plastic bag. Put the rooting medium into the bottom of the

container and make sure that it is only nicely moist but not too wet, then insert the cuttings, space them out so that the leaves can all get sunlight, blow up the bag and tie the top. Now all you have to do is to put the bag on a north facing window-sill and wait.

It is a good idea to check every couple of weeks to make sure that the soil isn't drying out, but it seldom does. In a couple of months the cuttings should have started new growth on the tops, which means they have rooted. They can now be put out into the garden in a cool shady place. You will have to baby them a bit for the first season, make sure they are always moist, mulch them in hot weather, cover them up with straw or leaves over winter, and next spring you

can transplant them to their permanent location. This technique works well for most common garden shrubs though some are a little temperamental but let's face it, you have nothing to lose, so go ahead and experiment

Baseball

JUVENILES LACK MANPOWER

Sunday afternoon the Deseronto Merchants played host to the Kingston Squad, and were handed a defeat to the tune of 7-3. This was really no fault of the pitchers; Doug Green pitched a good game, and was relieved only once in the 6th inning as he ran into a little trouble, and was helped out by George Hill. Doug came back in to finish the game.

Our biggest problem was that we did not have enough players to field a regular team, and had to use two Bantam players from the Centennial Squad. Steve Heffernan and Grant Brant played an excellent game and this substitution was not the cause of our defeat. The players who were not at the game and did not notify me, can expect a two game suspension. This means they cannot play the next two games but must sit them out on the bench just to stay home. If they refuse to come to the game they will have a one month suspension added to the two games. Lances on the part of the players will not be tolerated any longer. One player has already been asked to turn in his uniform, and more will follow if you cannot be at our games; we can't have any use for part-time players, you either want to play in the Ontario finals or you are interested in playing ball for us. Last year we lost the right into the Ontario finals simply because some players would not heed our advice or follow orders; if you wish to have a winning ball club you have to attend games regularly and take orders. I will not waste my time or money on something that you are not interested in doing. If only 9 players show up to the game and follow my orders they are the players who will be on my squad for the finals.

Highland dancers and members of Rob Roy Highland Pipe Band, Kingston, perform in Centennial Park after the parade.

Presbyterians hold picnic

On Saturday, June 26th, the Presbyterian Sunday School and Congregational Picnic was held in the Tweed park. The children and friends with their teachers and some of the mothers also the Explorer group, rode on the bus. Other church members went with their cars.

Lunch was the first item on the program as everyone was hungry. It was a beautiful day and a lovely spot, where all enjoyed swimming, boat rides or just relaxing in the shade. Around three o'clock races and games were held for all ages. Prizes were also given for the youngest there—Darin Allport, oldest—Blake Moore, and largest family, The Klavens.

There was a women's shoe kick—winner Mrs. Dwight Allport, men's—Henry Klaver. To close the afternoon of fun there was a candy scramble, one for the older children and one for the "wee ones". After a quick swim the bus loaded up and headed for home. Everyone said they had a wonderful day. Sunday school and Explorer's will start again in September.

Mr. Gerald Gardanier, who has been spending his holidays with his parents Mrs. & Mrs. L. E. Gardanier, left last week for Frobisher Bay, N.W.T., where he will be with the weather office for the next few months.

Mr. & Mrs. George Stuart and Patty attended the 25th Wedding Anniversary of Mr. & Mrs. Cyril Hughes, Smiths Falls.

They also visited their daughter and family, Mr. & Mrs. Cyril Lloyd and baby Andrew.

On Centennial "weekend" the Presbyterian Sunday School and Explorers, with their teachers, also the minister and his family Rev. and Mrs. Robert Jones, Susan and Robert walked in the Thursday evening Parade.

Mrs. Frank Hughes was a dinner guest Sunday at the home of Mrs. H. Murphy of Belleville.

Mrs. C. F. Dimmell spent a few days in Ottawa visiting her son Norman, and family. While there she accompanied them to the Garden Party, given by their Excellencies, the Governor General and Mrs. Michener.

—Kay Hood Phone 396-2119

Quinte Old Timers met at the Lions Hall on June 16 with 20 members and 2 visitors present. Gordon Walker presented opened the meeting with words of welcome to all.

Minutes were read by the treasurer and secretary.

An invitation was given to the club to visit the Walkers at their cottage at Beaver Lake on July 14. There will be a pot-luck dinner. Some of the members offered cars to take them. We are looking forward to an enjoyable day with another get-together.

Games of cards were enjoyed and the prize winners were: Aileen Gaylard - traveling prize Nora Walker - ladies high Millie Roach - ladies low Norman Davis - mens high Stewart Clute - mens low and the oldest person present was Stewart Clute who received a prize. The next meeting on the 3rd Wednesday in September.

Happenings

DESERONTO

It has been delightful to see more parents out with their children at Centennial Park. But, I really will be pleased when there is either a curfew for cars & occupants — or they realize there are people in bed when they are roaring through the Park & streets.

Mr. Arthur Jackson from London, England is spending a month's vacation with sisters and brothers in Deseronto.

Mr. & Mrs. E. W. Crise received word this week that their eldest son, Corporal E.A. (Sonny) Crise, wife Mary and four children are returning from Germany after spending three years with the RCAF as radar electronic instructor. He will be stationed in Nova Scotia.

Mr. Bill Jackson was in Toronto to meet his brother Arthur at the airport on Wednesday last.

Mr. & Mrs. Jack Westall of R.R. 3 Havelock attended Variety Night at the school. Jack is Mrs. June Thompson's only brother. Many will remember Jack, he was quite a fisherman as a young lad on our vacationing days with our Grandparents, Jack and Lily McAfee better known to many as Uncle Jack & Aunt Lily.

Mrs. Davis Reid has been hospitalized since May 26 for

surgery on her leg. She is improving well, but spent her birthday in Napanee hospital Sunday, June 27th, Good Luck & Happy Birthday Doris from all.

Mrs. Ina Thompson & son Todd drove June Thompson to her brother's tourist resort at Havelock "Joe-Al-Dee-Cottages" Sunday. Todd enjoyed the pool. We enjoyed the beautiful white biches. From there to Brighton to Mrs. Thompson's parents, Mr. & Mrs. Jack Westall, and back to "Good Old Deseronto".

There was an error in last week's paper, in Mrs. Thompson's phone number. She would be pleased if you wish to phone her regarding anything of interest you wish published 396-3320/

PARK SUPERVISORS

I was speaking to Mr. Del Wannamaker to-day. Commissioner of Recreation. I guess many of you already know and many will be pleased to know there will be two qualified playground supervisors in Centennial Park while the children are out of school for vacation. I had offered to donate 2 hours a day to the children, and was pleased these would be supervision. Mr. Wannamaker will can me if further assistance is required.

Winner of Legion 50/50 ticket
Mr. Bill Whitham of Napanee
Seller of ticket Ina Thompson

Meeting social challenges

MEETING SOCIAL CHALLENGES
Ottawa. Almost thirty years to the day when unemployment insurance first went into effect in Canada, a new plan takes over on June 27.

The new plan, resulting from more than two and a half years of study followed by careful examination by Parliament, was shepherded through enactment by labour Minister Bryce Mackasey.

Prior to passage of the new Unemployment Insurance Act, benefits were geared to a more or less rigid formula based on contributions. There was little protection for the worker who found himself unemployed through illness and none at all for the working wife who became pregnant

"These were real problems, nevertheless," Mr. Mackasey said, "and we've made arrangements within the framework of our new Unemployment Insurance plan to provide effective coverage

To the present \$5.5 million insured workers, a further 1.2 million people will be added in January of next year. This will mean that virtually all salaried employees will be insured against a temporary interruption of earnings.

The new claimant assistant program will assist the unemployed to find new jobs, or guide them to the other agencies that can help solve social or economic problems.

People with 20 or more weeks of insured earnings are eligible for a wider range of benefits which include provisions for payment for income interruptions caused by either illness or pregnancy.

At present it is estimated that less than one third of all Canadian employees are covered by wage loss insurance plans that offer benefits equal to, or better than, those available under the new unemployment insurance legislation. The new Act will encourage employers to meet those standards and,

if they can do so, the sickness portion of their unemployment insurance premiums will be reduced accordingly.

In some particulars the new plan departs drastically from the previous programs. For the first time, premiums paid by contributors will be tax deductible while benefit payments will be subject to income tax. This will take effect January 2, 1972.

"What you have to keep in mind," Mr. Mackasey points out, "is this. This is an insurance plan. Everybody in it contributes and the money paid out is income in the fullest sense. What is being

offered is an insurance programme devoid of any suggestion of welfare or dole. We intend to keep it that way as a well-run service for the men and women who have every right to expect efficient and speedy administration."

Details of the new plan are available in a booklet, "A Guide to the New Unemployment Insurance," available from all Unemployment Insurance offices throughout Canada. A second booklet, "The Right of Canadians" outlines the development of unemployment insurance in Canada throughout the past thirty years.

Melrose

Shannonville

Mr. & Mrs. Wallace Pascoe from Toronto, spent the week-end with Mr. Robertson's mother Mrs. Audrey Robertson.

Miss Lana LeFort spent a few days at the home of Mr. & Mrs. D. Baptiste.

Master Dale Robertson spent last Thursday and Friday at Vandewater Park, camping in class mates from the Tyndinaga School.

The Milltown birthday club, held at the home of Mrs. Molly Unsworth, met last Thursday. The next party will be held at the home of Mrs. Lily LeFort of Milltown.

Tyndinaga Reserve

Mr. Garnet Maracle and son Gordon from Liverpool, N.Y., spent last week-end with his parents, Mr. & Mrs. Mark Maracle, Bayshore Road.

Mrs. Lulla Hill who has been a patient in Kingston General Hospital is now recovering at home.

Mr. & Mrs. Harold Foote spent the week-end in Buffalo with Mr. & Mrs. Douglas Brant.

Mrs. June Maracle is a patient in Belleville General Hospital. All wish her a speedy recovery.

Mr. Duane Baptiste and nephew John Thomas left Sunday morning for Niagara Falls, New York. Sympathy is extended to Duane in the death of his sister Margaret (Biddle) May.

ST. MARK'S ANGLICAN CHURCH

On Wednesday June 23rd the evening group of the A.C.W. (Anglican Church Women) held a tea for the Senior Citizens of the Parish. About sixteen attended the event, held on the Rectory Lawn. Strawberries, Ice cream, and angel cake were served and a social afternoon was enjoyed.

INDUSTRIAL ACCIDENT PREVENTION ASSOCIATION

says PRACTISE SAFETY

at the Beach
and Around the Home...

WHEN BOATING, WATER SKIING, FISHING or SWIMMING...

REMEMBER THE SAFETY RULES

Boating: "Safety Afloat," a Canadian Department of Transportation booklet, is a must for all small craft operators. Always have a life jacket for each occupant. Know the capacity of your boat and never exceed it.

Water Skiing: Water skiing is loads of fun but not in swimming areas. A skier should always wear a life jacket or belt. There must always be an extra person in the boat whose job it is to keep a constant watch on the skiers.

Fishing: Don't overload the boat with equipment or passengers. Cast carefully; don't hook yourself or others. Stay in your seat when fishing from a boat. Have life preservers for everyone in the boat and insist that non-swimmers wear them.

Swimming: No one should ever swim alone. Keep a lookout for boats and skiers. Never dive into unfamiliar water or near boats where people are fishing. Take a good look around before you dive.

Keep a constant watch on children playing in or near the water. In seconds they can get into water over their heads. The sun too, has its hazards. A bad burn can put your vacation in the shade. After being shut in all winter, don't try to catch up in one vacation. Get used to your summer sports activities gradually. While enjoying the water, don't spoil it for others. Practise anti-pollution by keeping all garbage away from waterways.

The Council reports that in 1969, 289 Canadians lost their lives in boating accidents, and offers these suggestions for safer boating this summer:

avoid overloading, overpowering, venturing into dangerous unknown waters, sailing in poor weather, sudden movement of passengers and lack of necessary operating skills.

Common sense and courtesy from Canada's one-million boat-owners will help keep boating a pleasure, says Don Jamieson, Federal Minister of Transport. Mr. Jamieson is endorsing Safe Boating Week being held July 1-7 by the Canada Safety Council.

the Pakistan crisis

by J. R. Coleman

Is there anything, more ephemeral than a newspaper headline? Tonight the paper is delivered, scanned and then rejected, tomorrow the whole thing is just a little more garbage. Perhaps our own interest and feeling is only slightly shorter lived. If the headlines of one of the large Toronto based papers are scanned for the last month or so, then a clear picture emerges. This is the vision of a highly experienced editor's view of our interest in the sufferings and death of countless people, so long as they are for enough away.

May 31st. "Four million East Pakistan refugees now living in India" "middle pages only in small letters" June 4th.... "Cholera kills 2,000 refugees" (page 7) June 7th.... "Plea for vaccine as cholera plague threatens India, 1.2 million shots a week needed" (this time on page one and in red letters). The drama of a modern

rush and bustle, and besides it just might become a little difficult for life to speed tons of aid to cholera victims" (still on page one but superseded by the media discussion of abortion) June 9th.... "Too little vaccine to beat epidemic India" (now relegated to a small section in the middle of page one below "No kisses from married P.M. and the new welfare benefit June 21st. "India prepared if attacked, says Ghandi" (less than a month since we start in the middle pages and we are back there again, could this be the natural end of a story's travels through the pages? Could it be the start of a nice new bloodthirsty story to

whet our suppertime appetites?) Mind you, we do have some really good excuses. We are all preoccupied with the question of whether or not we will save a few dollars on our next tax return, and

will that new deal really make the next television cheaper?

Surely this is a terrible condemnation of our feeling for fellow men. Might we not perhaps spare a few seconds and ponder a moment on the conditions in Pakistan? Perhaps we might even wonder what could have caused the problems they are experiencing; just in case we ever are troubled by similar things.

In the published version of the "Voice of America" lectures, "Population, challenging world crisis", we can at least learn a little about the country in 1968. The first section on Pakistan deals with a few dry facts. East Pakistan, 55,126 square miles, separated from West Pakistan, 310,403 square miles, by 1,000 miles; rainfall 5 to 200 inches per year, depending upon the area and so it goes on.

Then some rather interesting and enlightening facts come to the surface. The total population was 125 million, but 55 percent of the people were in East Pakistan, even though it was the smallest land area. The population was predominantly muslim (88 per cent), rural (84 per cent) and illiterate (about 80 per cent). The per capita income was just under 500 rupees per year or 100 dollars in U.S. currency.

It is just these conditions of overcrowding, poverty and ignorance that allowed the widespread epidemic of cholera, the epidemic disorders broke out, people left their homes and hunger and weariness weakened them further. The lack of proper sanitation and medical facilities only served to compound the issue.

Can we blame them if they were short of fuel and could not burn oil their dead in the customary fashion? Can we blame them if they threw their dead, their relatives, into the rivers for quick disposal? They were too ignorant to realize that the diseased bodies could only pollute their sources of drinking water further.

To many biologists, ecologists and others this trouble that broke out was the inevitable conclusion of tinkering with population dynamics. The wonders of modern medicine were dispensed without the necessary restraints attached. The birth rate continued to be high, at 50 per thousand per year, while the death rate was reduced

to 20 per thousand per year. This left and increase of 30 per thousand per year, of three percent.

At this rate the numbers would double in just 23 years. Medicine scholarship, housing, food and all commodities were expanded under various Five Year Plans but failed to forge quickly ahead of the cancerously growing, ever more demanding population. Civil strife broke out, resources were inadequate and for a time even the emergency forces of the world looked as if they would not be mobilized quickly enough.

Prior to 1965, a few voluntary programmes of family planning were being carried out. During the first "Five year Plan" (1955-1960) half a million government rupees were allotted to the programme.

Beginning the second "Five year plan" the government took broader steps to limit population growth and allocated 30.5 million rupees for a national programme. The rate of economic growth was 4.5 per cent per year, but more than 2.5 per cent was absorbed in population increase. The rate of economic growth was estimated at 7 to 8 percent for the Third Plan (1965 to 1970) but the increase in per capita income will be nominal unless a substantial reduction in birth rate is achieved. The minimum goal set for this period was a reduction in birth rate from 50 to 40 per thousand, or twenty percent.

A moderate decrease in death rate was expected from 20 to 15 per thousand population. This would have cut the demands of the expanding population a little, their demands would double in about 38 years instead of 23. The expenditures for this plan were to total 284 million rupees, including 71 million in foreign exchange. All those rupees were to be collected from taxes on 100 dollar per year incomes or bogged from abroad. All the plans carefully laid to forge ahead but a little, to buy a little time and a little control of the situation, but it all got out of hand!

Obituary

CARLETON, Gregory Jonathan

The death occurred, by drowning on Thursday June 24th, 1971, in Deseronto, Ontario of Gregory Jonathan Carleton, in his ninth year. He was the son of Mr. and Mrs. Ronald Carleton 364 Main St., Deseronto, and brother of Tony, Debra, Cindy, Ronald, Christopher, Matthew, and Lori, all at home.

Funeral services, conducted by the Rev. Frank Bell of St. Mark's Anglican Church, Deseronto were held on Sunday June 27th from White and Morris Funeral Home to Deseronto Cemetery.

Pall bearers were Gary Cole, James Wood, Raymond Kemp, and Tony Carleton.

POISON FLAMMABLE EXPLOSIVE CORROSIVE

These new hazard symbols will in future appear prominently on the packaging of many manufactured products. From June 1 of this year, government regulations have required these symbols to appear on all packages containing products coming under the general headings shown.

FUTURE GAMES: EOBA only

Bantam:

Wed, June 30 Belleville at Deseronto 6:15

Sat. July 3 Deseronto at Lindsay 2:00

Sun. July 4 Port Hope at Deseronto @ 2:00

PeeWee:

Sat. July 3 Deseronto at Orono 2:00

Juvenile:

Sat. July 3 Peterboro at Deseronto 2:00

Sun. July 4 Deseronto at Newcastle 2:00
